

## SUICIDE PACT ENDS ROMANCE

### Man Wanted By Federal Authorities Kills Self and Bride of Two Days

## ARRESTED WEDNESDAY

### Curl Was Arrested Wednesday But Was Released on Bail and Married Thursday

## FIND NOTE LEFT BY BOTH

ST. PAUL, MINN., May 17.—J. J. Curl, arrested by the federal authorities last Wednesday on the charge of receiving fraudulent checks through the mails, late today shot and fatally injured his bride of two days and then shot himself, dying half an hour later in the City hospital. Earlier in the day federal authorities had wired officials at the international boundary to watch for Curl as he had failed to appear before Court Commissioner Spencer this morning for hearing, having been released from the county jail on \$1,000 bonds.

The shooting tonight brought to an end the romance of Miss Margaret Logan of Kansas City, now Mrs. Curl, and who, according to physicians, probably also will die. Last Wednesday Curl was arrested and that same afternoon the woman arrived to wed him. There was no wedding Wednesday; instead, Curl spent the night in a cell. Thursday, however, Curl secured bail and was ordered to appear in court today for formal hearing. That same afternoon they were married.

Found at Hotel Nearly Dead.  
When Curl did not appear in court today, postal inspectors began their search here. Locked in a room at a local hotel the two were found, both near death. Curl died soon after he was taken to the hospital and his bride with several wounds in her body is not expected to recover.

Notes written by both found tonight by the police disclosed that there had been a suicide pact and that Curl shot his wife and then turned the gun upon himself. Curl's note was rambling; he declares that he did not wish any one to believe him a coward, but that there was no happiness for him. He asked that the bodies be buried together.

Before lapsing into unconsciousness at the hospital tonight, Mrs. Curl told attendants that she had swallowed a quantity of poison to make her death more certain. Physicians late tonight said there was no hopes of her recovery.

Curl is said to have spent much of his life at Paris, Ill.

## HAS NOT INVESTIGATED CHARGES AGAINST WILSON.

### Administration is Greatly Annoyed by False Reports and Issues Statement Denying Reports.

Washington, May 17.—The president conferred with Secretary Bryan two and a half hours to day on state department matters generally. Matters of personnel of the diplomatic representation abroad were considered and some nominations are looked for when the senate convenes Monday.

The administration has been greatly annoyed by reports here and in Mexico City that it has been investigated charges against Ambassador Henry Lane Wilson. The matter was discussed by Secretary Bryan and President Wilson and the secretary issued a statement denying the reports.

Recognize Huerta Government.  
The Mexican embassy tonight announced that it had received word from its foreign office that Russia and Japan had sent letters of recognition of the Huerta government. This, the embassy said, leaves only States of the great powers to be heard from.

## MAYOR WINDSOR DIES IN SPRINGFIELD HOSPITAL.

### In Dying Statement He Declares He Had Not Touched State Until After Shot Was Fired.

St. Paul, Minn., May 17.—Dr. B. P. Windsor, mayor of this place, who was shot Friday morning by F. B. Slate, died at 11:30 tonight in St. John's Hospital, Springfield. In a dying statement to the states attorney he declared that he had not touched Slate until after the shot was fired. He said he had intended to slay Slate and as he swung at him Slate fired. He grasped with Slate to secure the revolver, he explained.

## STRIKERS CHEER SPEAKERS.

New York, May 17.—Several hundred silk mill strikers from Paterson, N. J., today cheered speakers at a meeting here when threats were made to paralyze every industry in Paterson unless the strikers' demands were met.

## ILLINOIS COLLEGE WINS FROM LOMBARD.

Illinois College was victor yesterday in the ball game against Lombard college by a score of 7 to 5. Only 7 innings was played in order to let the visitors catch a train.

## STOCK MARKET REMAINS IN STATE OF INANITION

### Condition of Market is Consequence of Profound Prostration of All Forms of Demand.

New York, May 17.—The stock market remains in a state of inanition for which no parallel is shown in the record for many years past. This is the consequence of a profound prostration of all forms of demand. In spite of the languid pressure of liquidation to any considerable degree. The result is the small dealings and the narrow changing fluctuations which marked the proceedings throughout the week.

The lack of initiative showed the doubtful opinions by speculators as to the manner in which the market might issue from its dullness. There are the varying possibilities of a renewal of liquidation or a waiting period of accumulation of capital to provide resources to take up further new issues. There is also the complicating factor of the amount of capital which may be withheld or hoarded and simply waiting for the most advantageous terms to offer itself in effective volume. The weekly money markets, which had to be looked to for the reading of the credit position, reflected a tightening of European money rates. Next week's Chinese loan issue and the New York currency four and half bond issue by their outcome are expected to show light upon the question of actual financial position and, perhaps, to have a definite influence in shaping the future market.

## DEMOCRATS OUTLINE PROGRAM FOR CO-OPERATION

### Plans are Designated to Concentrate Campaign Strategy and are Endorsed by Wilson.

Washington, May 17.—Officers of the Democratic National committee to day mapped out a program for active co-operation in the coming presidential and congressional campaigns and placed it in the hands of a joint committee composed of national committeemen Howell of Georgia, Sells of Texas, Lynch of Minnesota and Cummings of Connecticut and two senators and three representatives acting for the congressional committee. President Wilson expressed his approval in thorough sympathy with the program. The plans are designated to concentrate campaign strategy.

## WARNS PEOPLE AGAINST SIGNING OF PETITIONS.

### Colorado Executive Advises Caution in Signing Initiating and Refer- ring Petitions.

Denver, May 17.—Governor Ammons issued a public statement this afternoon warning the people of the state to use caution in signing petitions for initiating and referring laws, the executive says in part: "The experience of one and two years ago was anything but comforting and has caused already a depleted state treasury. It has become a notorious fact that most measures may be kept off the statute books for two years at an expense of a few hundred dollars. It is only remedy is for citizens to use the same discretion in signing petitions that they employ in voting for officials and to learn to say 'no' unless convinced that the petition represents a good purpose."

## APPEALS TO MRS. WILSON.

### Columbus, O., May 17.—"Please send us the cast-off clothes of your girls. It would surprise you to see how much can be done in making them over."

This note was sent to Mrs. Woodrow Wilson, wife of the president, several weeks ago by a woman residing near Percy, Randolph county, Illinois, whose home was destroyed by a tornado that visited that section of the country Easter Sunday.

Mrs. Wilson turned the request over to the Red Cross and that organization through its Columbus flood headquarters, today sent the woman a check for \$100.

## ALLEGED BANK ROBBERS ARRESTED.

Chicago, May 17.—Charles O'Leary and William J. Lawler, said by detectives to have passed some of the money stolen from the Bank of Montreal at New Westminster, B. C., Sept. 15, 1911, were arrested here today. They were taken as the result of information given by a private detective agency which has been shadowing them for several weeks. The police are searching for a third member of the party who is said to have been involved in the bank robbery.

## TO GIVE GARDEN PARTY.

The Ladies Aid society of Passavant hospital will give a garden party Wednesday at the home of Mrs. T. J. Pinner, 1341 West College avenue. Brooklyn M. E. and Grace W. E. church will have charge of the afternoon. Mrs. Clemmens will be chairman for Brooklyn and Mrs. John R. Davis for Grace church. The proceeds of the party will be used for the charity wards. In case of rain, the party will be held within doors. This will be the third gathering of its kind held by the Aid society of the hospital.

## GREAT FIRE IN BUDAPEST

Budapest, May 17.—Eight thousand people are rendered homeless, one child burned to death, many people were injured and heavy financial loss was caused by a great fire in the center of this city to day. The flames started in the upper floor of a large building and, fanned by a strong wind, quickly involved several blocks of houses in the destruction.

## MAKE PROGRESS TOWARD A UNION

### DESIRE UNION OF AT LEAST TWO PRESBYTERIAN ORGANIZATIONS

### Joint Report of Committees From United and Southern Presbyterian Churches Contains a Proposed Basis of Union for the Two Or- ganizations.

ATLANTA, GA., May 17.—After three days of business sessions at which progress is believed to have been made toward eventual consummation of an organic union between at least two of the three Presbyterian organizations holding general assemblies here, business sessions of those bodies were temporarily discontinued to day. All three will resume active business sessions Monday.

Interest in the assemblies of the United and Southern Presbyterian churches to day centered in the joint report of committees from the respective organizations containing a proposed basis of union for the two organizations. Upon recommendation of the committees both assemblies agreed to postpone consideration of this basis of union until the convening of the 1914 assemblies.

To day's session of the United Presbyterian was taken up by charges of the committee, that the board has been unbusinesslike in its methods and misleading in its reports.

Dr. E. M. Milligan, new manager of the board, was called upon to explain the increase from \$34,000 to \$100,000 in the mortgage on the publication building. He admitted that methods "wrong but not criminal" had been practiced. Action upon the report was deferred until Monday.

## UNDERTAKER IS ACQUITTED OF CONSPIRACY CHARGE

### Jailer and Lawyer Are Also Found Not Guilty on Instruction of the Court.

St. Louis, Mo., May 17.—A verdict of acquittal, on the instruction of the court, was returned at Belleville, Ill., today in the case against William H. Degen, an undertaker of East St. Louis; William U. Halbert of Belleville, former public administrator, and Michael Kinley, East St. Louis jailer, who were charged with conspiracy to defraud the estate of the late James Connor.

Degen, the undertaker, collected a bill of \$1,122 for Connor funeral. When the bill came before the probate court for approval, the court ordered an inquiry. The prosecuting attorney agreed to a verdict of acquittal as he agreed that he had not made out a case of conspiracy. Objections by attorneys for the defendants prevented certain testimony by the probate judge on which the prosecution expected largely to base its case. At the trial it was testified that the coffin, for which \$600 was charged, was worth \$85; that in the funeral procession there were three carriages instead of the nineteen paid for, and that there were no flowers, though \$35 was entered on the book for flowers.

## WILL NOT REQUIRE RESERVES

### Washington, May 17.—National banks no longer will have to hold reserves against any deposits of the federal government.

Thomas P. Kane, acting comptroller of the currency, to day notified the banks that the treasury department would not require reserves against any money deposited by officers of the government upon which interest is paid to the United States. This action is the result of Secretary McAdoo's order charging 10-per-cent interest on government deposits and it probably will release more than \$1,000,000 now tied up in the reserves.

## TWO DIE AS RESULT OF DOMESTIC TRAGEDY

Vallejo, Cal., May 17.—J. F. Rainey, an electrician of the first class, attached to the receiving ship Cleveland was shot dead to day by Joseph Hovershy, an employee of the Mare Island navy yard. Following this tragedy Mrs. Hovershy committed suicide by swallowing poison. Hovershy left for work this morning as usual, but returning unexpectedly surprised his wife with Rainey. Drawing a revolver he shot twice. Rainey staggered out of the house and fell dying on the sidewalk.

Davenport, Iowa, May 17.—The body of a man on whose person was found a subpoena for "one Frank Harding" to appear before the grand jury, was found in the river here to day. His head was caved in and there were many bruises about the body. Although it was badly decomposed, friends believe the body is that of Harding. He left Donohue Iowa where he had been working about two weeks ago to come to Davenport to testify on a "free love colony" case.

## MAKES COMPROMISE SETTLEMENT OF SUIT.

Washington, May 17.—There is prospect of a compromise settlement of the criminal anti-trust suit against the so-called coaster brake trust and an agreement by which the alleged combination would make changes to meet the demands of the government and avoid a civil suit under the Sherman law. Nothing definite has yet been accomplished, but it is learned that progress is being made to this end.

## ARRESTED FOR ALLEGED SALE OF FAKE REMEDIES

### Des Moines Physicians Are Charged With Victimizing Residents of Iowa, Illinois and Nebraska.

Des Moines, Ia., May 17.—Drs. Lowell Allen and E. N. Johnson of Des Moines are under arrest and a half dozen other physicians, one a woman, are being sought on indictments returned by the federal grand jury charging them with having entered in a conspiracy to victimize residents of Iowa, Illinois and Nebraska through the sale of fake medicines and remedies. The action of the grand jury became known late today the physicians, who are connected with the Des Moines Specialist company, were arrested and secretary taken before W. C. McArthur, United States commissioner, where they furnished bonds of \$2000 each for their appearance in court on Monday.

The doctors are charged with having used the mails to promote their business.

The Des Moines company is said to be a branch of a Chicago company. Federal officers wired yesterday to various points in Iowa and Illinois where those indicted are in business and more arrests are expected to follow. The lone woman who is sought is said to be a resident of Chicago.

## MARRIAGE FEES ARE DECLARED TO BE MINSTER'S GRAFTS

### Oak Park Pastor Asserts That "No" Minister Should be Forced to Stand at a Wedding With His Hand Out.

Chicago, May 17.—Marriage fees are ministers' grafts, according to a statement today by the Rev. Almer Pennewell, pastor of the Euclid Avenue Episcopal church of Oak Park. "If the church insists that marriage is a rite that belongs to it," said the Rev. Mr. Pennewell, "then the church should make marriage free to all."

The minister who does not need a fee should be ashamed to take it, and a church whose minister needs the fee should be ashamed and immediately raise his salary. No minister should be forced to stand at a wedding with his hand out."

## FACE OF MURDERED MAN IS BADLY DISFIGURED.

### Nude Body of Victim Is Found Along North Shore of Lake Superior Near Duluth.

Duluth, Minn., May 17.—Murder and a brutal and successful method of avoiding the identification of the victim, was disclosed today when the body of a man supposedly well to do, was found hidden along the north shore of Lake Superior in the outskirts of Duluth. The body was nude when found, except that the feet were encased in black silk hose. The face of the victim had either been blown away with some heavy explosive or had been hacked away, the throat was cut and the head bones fractured.

AI indications pointed to an attempt to disguise the victim beyond recognition. The man was apparently 30 years old and he had been dead a long time. The body was found by two boys who were playing along the shore of the lake. It was partly covered with sand.

## JACKSONVILLE IN MOTION PICTURES.

### Reels to be Made of City's Principal Activities—Will Be Shown in Other Cities.

Manager H. L. Hunt of the Grand Opera House has announced the arrival May 21 and 22 of photographers of the Advance Motion Picture company who will make films of the principal activities of Jacksonville. Among the sights to be reproduced on the reels are the schools, the colleges, the streets with their crowds of shoppers, and business men, the stores, the parks and the state institutions. An opportunity will thus be afforded for future generations of Jacksonville citizens to see how their city looked in days gone by.

The films will be taken to other towns to show the advantages of this city after which they will be returned to be preserved for use when needed.

## GIRLS' JAW BROKEN BY BASE BALL.

Columbia, Mo., May 17.—Miss Georgia Clark of Rolla Mo., a student in the University of Missouri, suffered a fracture of the jaw while playing baseball here today. The Missouri co-eds who take gymnasium work organized baseball teams this spring. Miss Clark is captain of the Sophomore team and is catcher. She was laying in a practice game today when a foul ball struck her.

## CONVENTION CLOSED.

St. Paul, May 17.—The 47th annual convention of the Minnesota Classis of the German Reformed church, at which delegates from three states, Minnesota, Wisconsin and Iowa were present, closed here today. Rev. P. G. Kluge of St. Paul was elected president; Rev. Edward Vornholt of LaCrosse, vice president, and Rev. E. H. Vornholt of Waukegan Iowa, corresponding secretary.

## MINERS ENTOMBED.

Belle Valley, Ohio, May 17.—Two men are dead, three are probably fatally injured and 16 others entombed as the result of two explosions tonight in the Imperial mine of the O'Garra Coal company, a half mile west of Gelle Valley. At 16 men caught by the first explosion are imprisoned a mile and a half from the entrance to the mine.

## NO NEW DEVELOPMENT IN JAP NEGOTIATION

### NO ACTION EXPECTED UNTIL GOV. JOHNSON SIGNS BILL

### German Writer Declares Japanese Are Living in a Glass House Be- cause Foreigners Are Barred From Owning Land in Japan.

WASHINGTON, MAY 17.—The Japanese negotiations over the California alien land bill have not advanced the slightest during the past 24 hours and there is no expectation at the state department that there will be any developments in the immediate future. Governor Johnson has not yet signed the land bill so far as official Washington is advised and that appears to be the necessary condition precedent to the resumption of the negotiations.

Berlin, May 17.—The excitement in Japan over the question of California alien land ownership legislation is well founded and comprehensible, according to an analysis of the Japanese-American situation sent by the Tokio correspondent of the Welt Korrespondenz agency printed to day in the semi-official Norddeutsche Allgemeine Zeitung. The Japanese, however, he says, are scarcely in a position to place difficulties in the way of California's land policy.

The correspondent declares that the Japanese are living in a glass house, because foreigners even now are barred from owning land in Japan—a feature of the situation hitherto has been left unnoticed in Germany. He writes expresses doubt whether the government will favor abatement from the Panama-Pacific exposition at San Francisco, which he fargards as Japan's only weapon against the United States.

Oppose California Attitude.  
Honolulu, May 17.—Japanese newspapers published as a whole, though hotly opposing the attitude of California toward alien land legislation, take the position that California does not represent the sentiment of the nation and therefore war talk is unjustifiable.

Nevertheless reports received here that the garrison is to be increased has caused uneasiness among the Japanese laboring element of 55,000 plantations.

## JACKSONVILLE FAILS TO LAND U. C. T. CONVENTION

### Next Annual Gathering Will be Held in Chicago—Local Chapter Brings Round Banner For Largest At- tendance.

Members of the local council No. 183, United Commercial Travelers, returned to the city last night from Alton, where they had been attending the annual sessions of the order. Jacksonville made a strong bid for the 1914 convention, but the majority of the vote showed Chicago to be the favorite place. Jacksonville was represented by seventeen delegates and for having the largest number from any single council, they were presented a beautiful banner. It is made of fine silk and is inscribed, "Presented by the Grand Council of the State of Illinois for the largest number of members from a visiting council." Pittsfield took the honors for the largest per cent of members present, according to the size of the organization.

It was because Chicago had asked for the convention last year that the majority of the members voted to take it there, although there was only ten votes difference between Jacksonville and Chicago, which should the splendid work for local men did in trying to land the council here next year. Chicago has three councils, with a membership of 1,000. Council No. 72 was given the honors. The Sherman house unusual offers, the Sherman house offering to contribute their splendid dining room for the banquet.

Harry Myers, past grand councilor, was elected to represent the state of Illinois at the Grand Council, which will be held at Columbus, O. Mr. Myers is a candidate for the office of Grand Supreme Sentinel.

## THIS COMING WEEK WE WILL HAVE A NE WINE OF LADIES' BLACK SILK AND SATIN COATS IN ALL SIZES.

## ANNIVERSARY MEETING

The Woman's Home Missionary Society of Grace M. E. church will hold the anniversary service tonight. Mrs. Anna Hobbs Woodcock of Des Moines, National Secretary of the children's work of the Home Missionary society will be the speaker. Mrs. Woodcock is a sister of Rev. R. G. Hobbs, well known here and is said to be a speaker of unusual ability.

L. A. Angier of Virginia was transacting business in the city yesterday. IS DELEGATE TO STATE MEET.  
Dr. Charles E. Cole, is the local delegate to the State Medical Meeting to be held in Peoria Tuesday, Wednesday and Thursday of this week. He was elected by the Morgan County Medical Society and Dr. David W. Reid was chosen as alternate.

## DIES FROM BULLET WOUNDS.

LaCrosse, Wis., May 17.—Suffering great agony for four days from the effects of bullet wounds inflicted by her father, William Hogue, Mrs. Guy Wilson of Sparta died today two hours previous to the burial of her parents. Her husband, who was also shot by her father, is still in a serious condition.

## LAKE ERIE SEMINARY GIRLS SET FOUR NEW WORLD'S RECORDS

### Girls Breaks 60 Yard Hurdle, Pole Vault, 120 Yard Hurdle and Shot Put Record in Competition With Students of Vassar.

Cleveland, O., May 17.—In competition with the students of Vassar College the girls at Lake Erie Seminary at aPinesville, to day, set what are said to be four new world's records. Charlotte Straw of Buffalo broke the sixty yard hurdle record by making the distance in 9.3-5 seconds. The former record of 10 seconds was tied by Edna Wiggle of Fort Wayne, Ind.

The pole vault record was broken by Virginia Hamilton, Eaton, Ind with 5 feet 4-1-2 inches.

The 120 yard hurdle record of 20 seconds, held by Vassar, was broken by Virginia Branum, Sewickley, Pa., in 18 seconds.

Alice Thornton of Buffalo put the shot 22 feet 9-1/2 inches exceeding the former record by 3-4 inch.

## BEGINS PRISON SENTENCE WITHIN 40 HOURS AFTER COMMITTING CRIME

### George Switzer, Who Attacked Chief of Police Watkins of Fort Mad- ison Gets Thirty Years.

Fort Madison, Ia., May 17.—Within forty hours after having slashed the throat of Chief of Police J. H. Watkins, George Switzer today began a thirty-year sentence for the crime in the penitentiary here. Switzer attacked the chief of police Thursday afternoon. Today he waived preliminary examination and the county attorney exercised the right under the state law to bring the case immediately before the district court.

Before District Judge Hamilton, Switzer pleaded guilty to a charge of assault with intent to commit murder, and sentence was quickly imposed. Ten minutes later Switzer was taken down the street to the penitentiary to begin his term.

Chief Watkins found Switzer lying on the ground apparently intoxicated Thursday afternoon. He attempted to investigate when the man lunged at him with a pocket knife, cutting his throat from ear to ear. The chief is said to be out of danger.

## ARRESTED ON CHARGE OF STEALING CLOTHES

### Wearing Apparel Belonging to Miss Pearl Batty Found in the Resi- dence of Mrs. Rosa Hamm.

Mrs. Rosa Hamm of Hardin avenue was arrested last night at 11:30 o'clock by Night Captain Trahey, on a charge of stealing a large quantity of wearing apparel from the residence of Earl O. Henry, 401 Hardin avenue. The clothes were mostly the property of Miss Pearl Batty of Carrollton, a sister of Mrs. Henry who came to the city Saturday to make a short visit.

The family and Miss Batty went up town last night and did not return home until 10:30 when the theft was detected. The garments missed included one black silk skirt one blue silk dress, one ladies green suit, one silk under skirt, one pair of shoes, 2-1/3 yards of waist goods, one apron, one gingham dress, two baby dresses, two calico dresses, two corsets, also three lace curtains.

The police were notified of the theft and Captain Trahey began an investigation. A clue led him to the home of Mrs. Rosa Hamm, who resides on Hardin avenue, some four blocks from the Henry residence. Mrs. Hamm denied having the clothes but when the Captain entered the house he saw part of the clothes on the floor. The woman was locked up in the city jail and the clothes which are also in the keeping of the officers were identified by Mrs. Henry and Miss Batty who own them.

## WILL PLAY PETERSBURG TODAY.

The White Sox ball team will go to Petersburg to day where they will play the team of that place. Nelson and House will be the battery for the locals.

## MR. CLAUDE SWIFT WEDS MISS MARGARET STARKS

### Well Known Young People of Jack- sonville Secretly Married in Vir- ginia Yesterday.

Mr. Claude Swift and Miss Margaret Starks, both of this city, surprised their many friends Saturday by going to Virginia, where they were married by the pastor of the Christian church of that place. The young people went over on the afternoon C. P. & St. L. passenger train and returned the same evening.

The bride is the daughter of Mr. and Mrs. Thomas J. Starks of 356 East Lafayette avenue. She attended the high school and has a great many admiring friends who will extend her every good wish. The groom is the son of Mrs. T. J. Lair of 127 East Wolcott street. For the past five years he has been employed at Capps Woolen mills and is now in the cutting department. He is a young man of good habits and industry. They expect to make their home for a short time with the groom's mother on Wolcott street.

"Iphigenia Among the Taurians" is the subject of the talk on classical drama to be given at 8 o'clock Monday evening by Prof. R. H. Tanner of Illinois college. This is the fourth in a series of addresses on the history of ancient drama by members of the Classical club.

## DEMOCRATS MAKE SOME CONCESSIONS

### Changed Tactics Thought to Be Result of Denun- ciation of Secret Hearing

## TO PUBLISH HEARINGS

### Private Hearings Will Be Taken Down By Stenographer and Published for Senators

## WILL ADMIT NEWSPAPERMEN

WASHINGTON, MAY 17.—An-Simmons of the finance committee that sub-committees considering the various schedules of the Underwood tariff bill had determined to grant more time to protesting manufacturers than was at first intended aroused considerable interest at the capitol.

Although the effort of senate Republicans to force public hearings was defeated by a vote of 36 to 41, the minority leaders see in the changed tactics of the Democrats a concession which they claim resulted from the denunciation of secret consideration of the bill. Another interesting development was the determination of Senator Hoke Smith of Georgia a member of the sub-committee considering the cotton and chemical schedules to have the private hearings conducted by him taken down by a senate stenographer. This is an innovation which the Republicans assert was brought about through the insistence of Senators LaFollette and Britton, who urged that the private hearings be published for the benefit of senators not on the finance committee. It also has been agreed that the finance committee will send to manufacturers the list of questions on costs and production proposed by Senator LaFollette.

Still another liberalizing feature resulting from the debate on the Penrose-LaFollette public hearing amendment is a decision to admit newspapermen to the private hearings.

Democrats of the committee have practically decided they will propose no changes in the free wool and sugar schedules, and that Democrats opposed to the present schedules must carry their fight to the party caucus the U. S. 323456, 6, 6, 6, 6, 6, 6.

## Alarmed by Opposition.

Alarmed by the Republican strength in opposition to some of President Wilson's nominations in executive session the senate Democrats expect to caucus Monday on Senator Williams amendments to the rules which would allow the counting when a quorum is called for, of members present but not voting.

he Williams amendment if adopted would make the rules in this particular much like those of the house when former Speaker Reed made use of this same device in counting a quorum.

## LOWEST INSURANCE RATE OF ANY GARAGE IN CITY

### W. Newman and Son With Their Enlarged Quarters are Prepared To Store Many Automobiles.

A safe place to keep or store an automobile is coveted by every automobile owner. Hundreds of cars have been lost because of garages burning. A fire in a Springfield garage a short time ago amounted to a loss of several thousand dollars. The fact that Newman garage secures the lowest insurance rate of any garage in the city signifies that it is a perfectly safe place to store an auto. As has been formerly mentioned in the Journal the Newman company leased the building to the east of their establishment and now have most commodious quarters to keep automobiles and their location at 112 North East street is easy of access for the public.

A window decoration of real merit and one especially appropriate for this time is that at the J. Bart Johnson Music House on the south side of the square. The scene represents an Indian camp in a clearing in the woods, through which a stream runs, and Indian dolls are shown in the various occupations characteristic of the Red Man. It is one that attracts the attention of not only the "paposes" but also the "warriors" and "squaws."

JACKSONVILLE IS NOW AWAKE TO HER OPPORTUNITIES—IF YOU SINCERELY BELIEVE THIS, YOU WILL BE A BOOSTER FOR JACKSONVILLE. AND YOU WILL TELL ALL THE RED MEN THIS WEEK THAT JACKSONVILLE IS THE PLACE TO LIVE AND DO BUSINESS.

### What It Takes to Boost.

The Chamber of Commerce will eventually need an annual budget of \$10,000 if they hope to make themselves a competing power with similar organizations in Decatur, Springfield, Joliet, etc.

We need money for a Band Concert Fund. If there is one organization that should encourage and help build up a healthy Band it is the Business Men's Association.

We need a Convention Fund so that we can entertain large annual gatherings and not take up subscriptions for a dollar or two on each occasion.

We need a few hundred dollars a year for advertising and publicity work. The secretary has not one piece of printed matter that can be sent to a stranger inquiring about Jacksonville. You all know of the bushels of printed matter circulated by wide awake cities.

We need to spend more than \$1800—\$2000. Such an income for a city the size of Jacksonville is ludicrous. Then we wonder why the Business Men's Association has never brought factories and new enterprises to the city. With what have they to bring them? We are not advertising the fact that we are in the market for such things. We have been dreaming and talking about such things yet taking no initiative to raise the money.

The secretary needs the co-operation of the business men as well as their money. When the financial plans of the directors have been completed it is hoped we will be with them strong to the finish. If you do not believe in Jacksonville, you wouldn't be living here to day. Resolve that you will boost and that you will help raise some of the funds that are required for boosting.

### Our Band is Your Band.

Jacksonville has the band, and we certainly have the band spirit. The town without either the spirit or the band is a dead one for sure.

Then we have another big asset in having a well known and competent band leader. Mr. Jeffries and his boys have advertised Jacksonville extensively and we can show our appreciation by speaking in glowing terms of Jacksonville's band and not criticizing them.

The members of the band are just like the rest of us; they possess talents that have been acquired through hours of practice and dollars in expenses. They generally have two trying rehearsals once a week and then, many of us have expressed ourselves that they should donate all their services free. Would you do it if you had such talents? Jacksonville is the Trading and Distributing Point For West Central Illinois.

The Free Merchants Transportation Association rebuffed the Railroad rebates the past month through the circulation of an advertising folder. Nearly 400,000 people live within the 50 mile zone of this city and little effort has been made to bring this trade to Jacksonville. It is high time that we are waking up to this fact. If the merchants do not care for the out of town business, nobody else will. A committee will see the members of this branch of the Chamber of Commerce Monday for their assistance in this advertising. Instead of having ample funds, subscriptions continue to be the rule.

The advertising of one man is never as effective as an association of men.

One gentleman remarked that Jacksonville will be the same ten years hence as it is to day. That same individual does not realize that there is a different spirit of get-together to day than it was one year ago. If it continues we will have a different city one year from now. What will it be ten years from to day?

### Membership is of Importance.

The business men are represented in greater numbers in the one organization that is working industriously for the rebuilding of Jacksonville than ever before in the history of the city. Just think one man out of every ten is a member paying the meager sum of \$12.00 per year to boost the city. This amount of money means a great deal more to the clerk or the small retailer than it does to the business house that is doing \$100,000 annual volume of business. Such a business house should be the holder of a number of memberships instead of just one.

Then there are firms here, reaping good profits from the fellow business men, without themselves assisting in a community enterprise (City Boosting). Many such individuals are not convinced that the Chamber of Commerce is striving to do notable work, but they hesitate in parting with that \$12. If we could only get away from the old idea that money paid into the treasury of a Business Men's Association is not a contribution, but an investment that if spent judiciously will return indirectly a hundred fold. Something Our Organization Needs. Money! How often do we hear that word, and how dull the sense of hearing has become toward the parties with the request for commodity on their lips. This is one article of trade and barter which makes the wheels of industry go and which widens the fields of commerce. It is one of the articles which is needed in boosting Jacksonville.

The officers of the Chamber of Commerce are unable to do much with the present income of an association which bespeaks itself as being representative of the live business men of Jacksonville. It is the business men of Jacksonville, who are the owners of stores, merchandise and property that are anxious to see Jacksonville boom. It is the business men that can bring this about through their Chamber of Commerce, but not without equipping it with this powerful commodity of Commerce, money.

**A City Wide Movement.**  
The secretary has sent notices to the following organizations. The City Administration, Woman's Club, Medical Society, Trades and Labor Unions, Ministerial Association, Supt. of Schools, Suffrage Club, Park Board, Y. M. C. A., Boosters Club, Automobile Association and Chamber of Commerce to send two interested representatives to the meeting called at the Chamber of Commerce office for Thursday afternoon at 2:30 for the purpose of starting a city wide movement beautifying and improving Jacksonville.

The co-operation of every Club and Organization is needed. The Chamber of Commerce has assumed this responsibility in calling the meeting, and each organization and board will be equally represented. Please send persons who are interested in this work if the attempt is carried out to a successful issue, and not let it die as other commendable movements have done in the past.

Let us make Clean-Up Week of six-two weeks, and not let the work that has been started so vigorously lapse at this time. A Civic Improvement Committee of this wide sweeping and general organization will be the starter for a "More Beautiful City."

**Shirt Sleeve Club Not Dead.**  
Members of the Shirt Sleeve Club are still meeting in the vacant lots and back yards and doing all they can to beautify these places.

A great many of the members that were so active during Clean-Up Week have been taking a short rest but they will soon be back at their old tasks. Mayor Davis still continues to lead the aggregation and under his leadership the Club is bound to gain a wide reputation.

**RED MEN.**  
Ten per cent of the sales made by FRANK BYRNS' Hat Store, to local or visiting RED MEN, May 19, 20 and 21, will be added to the entertainment fund in charge of the committee that has charge of the entertainment at the state meeting held here this week.

**C. P. HAS NEW TIME CARD.**  
The traffic department of the C. P. & St. L. railroad has issued a new time card, effective today. No changes are made in the passenger service on this branch, but some important changes are made in the time on the main line. Trains No. 1 and No. 2 on the main line will run between Springfield and St. Louis instead of Peoria and St. Louis, as heretofore, and No. 6 and No. 7, motorcar service, will be run through to Palmyra instead of stopping at Springfield.

## Satisfying Customers Daily

The continued increasing patronage which is given both our grocery and pharmacy departments furnishes the best kind of proof that the public approves the policy we have followed.

**QUALITY and SERVICE** are watchwords which we have kept in mind and absolutely the most **SANITARY and CLEANLY METHODS** of displaying and selling goods have been employed. Add to these facts mentioned that **OUR STOCKS** in both grocery and pharmacy departments are **VERY COMPREHENSIVE** and the broad basis for business success can be readily seen.

Recent weeks and months have shown **PARTICULAR ADVANCES** in our **PHARMACY** and more people are learning each day the advantages of having absolutely pure drugs and medicines delivered with their grocery orders. A registered pharmacist of wide experience gives personal and direct attention to every detail of our pharmacy.

In our grocery department we have all along **SPECIALIZED ON ROBERTS' BLENDS OF COFFEE** and the fact that when once Roberts' coffee is used a customer is made, is equal to saying that our coffees always satisfy. In **CANNED FOODS** we have pinned our faith to **MONARCH BRAND** and there is never a disappointed consumer of these goods.

## Our Stock of Dresses

In selecting the manufacturers from whom to purchase our Dresses, one of the supreme considerations is their ability to create styles that are distinctively original and strikingly beautiful. That we have succeeded and are succeeding in a highly gratifying measure is evident from a casual inspection of the splendid offerings now on display in our Dress Department. On some of these very desirable models the note of individuality is so pronounced as to make it advisable to offer but a limited quantity, and, because of this, we suggest an early call while the selection is wide and the stock complete.

**ON SERIOUS CHARGE.**

O. C. Jenkins (colored), was arrested Saturday by Deputy Sheriff W. Frank Todd and B. C. Andrews on a charge of rape, the girl in the case being 12 years old, who resides in this city and is the daughter of Mrs. Anna Turner of Petersburg, who swore out the warrant. Mr. Jenkins is employed by the C. L. Hatfield Poultry company.

He was arraigned before Squire Oyer and in default of \$1,000 bond for his appearance for trial Monday morning, was placed in the county jail.

**MISSIONARY UNION MEETING FRIDAY.**

The Missionary union will hold its semi-annual meeting Friday, May 23, from 10 o'clock to 2 o'clock at State Street church. Mrs. W. B. Wells of Chicago has been secured as the speaker for the occasion by the committee appointed and the time of the meeting was set to suit her convenience. A noon day luncheon will be served in her honor and each member is requested to bring lunch for one person. Mrs. Wells speaks in Springfield before coming here and goes from Jacksonville to Carlinville.

**PARASOLS, IN THE NEW DOME****SHAPE, SPECIAL AT \$1.98**

Everyone who has seen these new sun-shades has become enraptured with their beauty. The new dome shape is a decided departure from the lines upon which parasols were formerly made, the cover extending far down and enveloping the features in a manner which is most bewitching.

In purchasing this assortment we endeavored to include all the wanted shades, so that every woman may have a parasol to harmonize with the rest of her outfit. Some are of pure white with colored stripe or fancy borders, others in nobby figured effects—and a number of styles are featured in the Bulgarian silks. (See display in South Window.)

There is nothing cheap about these sun-shades but the price. The covers are of first quality silk and should retail at \$2.00, \$2.50 and \$3.00; but to introduce the new style we are offering you choice of the lot, for this week only, at..... **\$1.98**

**ANNUAL MAY BREAKFAST OF WOMAN'S CLUB**

Large Number Attend Gathering Held at Central Christian Church—Election of Officers.

A large number of members was in attendance at the annual May breakfast of the Woman's club which was held Saturday morning at 11 o'clock at the Central Christian church. A reception was first held in the main room of the church, followed by the supper, the ladies of the church having provided a splendid banquet. The meeting was in charge of the president, Mrs. W. A. Furr, and part of the program consisted of two songs by Miss Mabel Mathews, "A Spring Song," by Becker, and "Robin Sings in the Apple Tree," by McDowell. Miss Jeanette Powell read "The Spanish Gypsy," by George Elliot.

The club has enjoyed a splendid year and the reports of the various committees were most encouraging. The club during the last twelve months brought to the city Mrs. Grace Wilbur Trout of Chicago, president of the Equal Suffrage organization of the state. This resulted in the organization of the local suffrage club.

The club also brought to the city Cora Mel Patten of Chicago, president of the Drama league. As an outgrowth of this meeting the Jacksonville Center of the Drama league was organized, having now a membership of over 100, the largest membership of a city the size of Jacksonville in the United States.

Miss Barrows, a teacher in Columbia university, gave a talk during the past year on "The High Cost of Living"; Dr. Manigold from the Missouri university talked on "Women in Social Work"; Dr. Ludwig Hecktoen of Chicago spoke on "Milk Epidemics"; Miss Anne Jackson of this city on "The Birds are Here Again." There were other talks given and in every way the community has been greatly benefited. The club now has a membership of over 200.

It was also announced that Mrs. Thomas Worthington had given the club \$5.00 per year to be used by the flower garden committee. This committee has charge of the children's flower show which is held in September. Mrs. Worthington gives the money in honor of her mother, Mrs. Isaac L. Morrison.

Miss Weller, as city matron, also gave a very comprehensive report of the work of her department during the past year.

The members expressed their gratitude for the gracious manner in which the Woman's college, the Conservatory of Music and other clubs had furnished musical numbers during the year.

**Election of Officers.**

The following was the annual election of officers:

President—Mrs. W. A. Furr.

First vice president—Mrs. J. K. C. Pierson.

Second vice president—Miss Louise Capps.

Recording secretary—Miss Laura White.

Corresponding secretary—Mrs. M. H. Havenhill.

Treasurer—Mrs. O. F. Buffe.

Assistant treasurer—Miss Jeanette Powell.

Ripe Pine Apple has long been known as one of the most healthful of fruits, containing as it does fruit acids salts and sugar in combination peculiarly suitable for dietetic purposes.

In Dole's Pure Hawaiian Pine Apple Juice these properties are presented in the form most easily and conveniently assimilated.

It thus combines marked remedial qualities with its natural advantage of being a delicious and refreshing beverage.

## GIVES HISTORY OF THE "DISHISHA" OF KYOTO

"ONE ENDEAVOR COMPANY" WAS FOUNDED IN 1875.

Jacksonville Tourist Writes of School and Biographical Sketch of Its Founder, Joseph Neesima.

(By S. W. Nichols.)

(Continued from Saturday.)

We passed in two days two funeral processions and they were peculiar. In front came men bearing gaudy flowers in the shape of bushes or small trees borne on high. Then came smaller affairs of the same kind and finally the remains. They don't have hearses here, nor were there any signs of mourning and no one could tell who the bereaved ones were. All were on foot in both cases and the processions were long. The bearers were not arrayed in any especial costume these times and the body was placed in a highly ornamented case about three feet cube and must have been put there in a hitting position. The affairs were fastened to a frame and carried by four men who walked demurely along on their way to the temple and after the last rites had been said the bodies were literally reduced to ashes, but it could hardly be said, "Earth to earth, ashes to ashes, dust to dust," for it was ashes only.

### A Mountain Climb.

One of the historic places in the region of this historic city is Mt. Hifuzan, which is indeed a wonderful eminence and has attractions which can hardly be enumerated. During the middle ages it was covered, so to speak, with temples and seminaries and the monks being ignorant and greedy, often used to come down in Kyoto like brigands and rob right and left. At last in 1571, the great warrior, Narbunaga, dispersed them effectually, since which time they have not been so numerous, though they collected again about their sacred places, but have been well behaved.

It was our determination, if possible, to explore this wonderful mountain, so setting out early one morning we began the ascent. It was a long tramp, involving a walk up the again on the opposite side, of some again in the opposite side, of some twelve to fifteen miles, but the whole experience of the day was superb. We rode as far as we could on the street cars and then descending began our journey. It is in this direction and along the sides of this mountain that much of the stone used in the city is obtained and we saw a number of places where they were cutting or carving images of Buddha and stone lanterns used in the shrines of worship. Some of the work was quite elaborate and showed great skill, for the stone is almost as hard as granite.

Three young chaps were entertaining the people with acrobatic feats and they surely were good ones. One was a contortionist and the way in which he would double himself up, turn himself inside out and do all sorts of things in that line was a marvel. One took a sword of considerable weight and balanced it on his nose, point down, then he fastened it to it at an angle another and did the same and finally another. They passed their box and we added something to their pile, at which they smiled kindly and seemed pleased.

We passed by a secluded spot approached by a walk several rods long. The guide said it was the burial place for empresses in the days gone by. The walk was covered with a coarse, grey sand and raked in beautiful curves as, much as to say, "No trespassing."

We soon encountered on our way up the mountain the wonderful streams which are to be found in such places, fed by the eternal snows and perennial springs to be found in the great hills, which are nature's storehouses for the welfare of mankind. In many cases the swiftly running water was utilized to turn wheels attached to different kinds of mills. Many of them were rice mills, to which the precious grain is brought to be hulled. The mills are very simple and primitive, consisting simply of cylindrical receptacles of stone, some 20 inches in diameter, and as deep. Into them the grain is put and sticks of timber about ten feet long and six inches in diameter are arranged so that the power causes them to rise and fall into the grain like stamps in an ore mill. The whole thing is crude and primitive, but when they get their power for nothing, they get along very well. There is so much dust the millers protect their lungs with cloths tied over their noses and mouths. Wire mills are also to be found along the way and we saw loads of rods taken to them to be converted into wire and saw loads of wire coming down the mountain, for as far as practicable there was a roadway, but it soon disappeared and we wound our way along a pathway cut with much labor and skill around and up the mountain. At one place we saw what I suppose were father, mother and son, working at some great blocks of stone, dressing and shaping them and how they ever expected to get them down where they would be used I was unable to determine.

On and on we went, up and up and the scenery grew more and more wild, yet every little while we came across a temple or a shrine more or less pretentious and all along bands of pious pilgrims were wending their way, laboriously and tediously to some sacred place to offer worship. Old men and women stooping for age, would jostle up on the path and all were respectful and we eyed them with wonder and pity for their ignorance and they looked at us as strangely, for a foreign face is seldom seen in these wilds.

As we proceeded the scenery became more and more rugged and we made many steps and even precipitous places to climb. Deep gulches yawn-

### JAMESON SAYS "GOOD-BYE" TO MOTORCYCLE RACING

Speedy Racer Declares "The Game is Not Worth the Candle," and Swears Off—Has Won Many Laurels on Track.

"I've cut out racing for good, the game isn't worth the candle," said Howard Jameson, as he finished the last lap at the Driving park the other day. Howard is employed by the Harley-Davidson motorcycle company of Detroit, Mich., and came down to participate in the two-day meet, also to visit home folks. When pressed as to why he made the assertion, Jameson said: "Four of my most intimate friends have been killed at the game, and it was only last April that I was taken to the hospital in an ambulance and never expected to get well. Oh, the sport is a rare one and rounding the curves brings a delight to the nerves, but I commenced my racing career in Jacksonville and when I finished the last race Thursday, I resolved that I would never enter another contest and I intend to keep my resolve."

And by the way, Jameson has been one of the speedy boys. He holds the record for the single mile on the motorcycle track at Decatur, making the distance in a minute flat. Oldfield in his automobile on the same track covered the distance in 1:06. Howard also holds the record for the fastest time on the track at Milwaukee. The motorcycle track there is the smallest and steepest of any track in the country and it takes thirty laps to make a mile and in all the tracks now being constructed, four laps make a mile. The stop watch on Jameson showed that he rode this track for one hour solid, making 68 miles in the 60 minutes. He has been in races all over the state and in more than one narrow escape.

Having a desire to learn aviation Jameson went to the Moisant School of Aeronautics in the east and completed the course. He afterwards decided that the air was no place for him, although he was urged greatly to continue in the work. Mr. Jameson expects to return to Milwaukee and will be employed by the company as endurance rider, traveling from place to place and inspecting the machines of riders and of motorcycles of the company. He is to be one of the number who will start out from Milwaukee on a three days' endurance trip. On August 1 the big motorcycle tour will be made from Chicago to Denver and it is expected that 600 motorcycles will be in line. It is one of the greatest events in the motorcycle world.

### UNITARIANS WILL MEET.

Boston, Mass., May 17.—One of the features of Unitarian anniversary week, which will be opened tomorrow morning with special services in all the Unitarian churches of Boston, will be the festival meeting in Tremont temple next Friday evening, at which former President William H. Taft will be present and deliver an address. Mr. Taft is expected to be heard at one or more of the other meetings of the week. These meetings will include those of the Sunday School society, the Woman's Alliance, Lend-A-Hand clubs, the temperance societies and other organizations connected with Unitarianism.

### QUICK RELIEF

FOR RHEUMATISM. George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

### ILLINOIS COLLEGE NOTES.

Dr. R. E. Hieronymous, secretary of the State Educational commission, and formerly president of Eureka college, will address the students at the chapel exercises on Monday, May 26. Mr. Hieronymous will come as one of the speakers on the Reverend George R. Roberts foundation.

The members of the College Glee club are engaged in the final rehearsals for their concert at Northminster church on Tuesday evening, May 20.

The Reverend Thomas W. Smith, '87, of New York City, has written that he will attend the annual meeting of the college board of trustees at commencement.

Several requests for teachers for desirable high school positions have come to the president's office during the last week.

Dean Hayden and President Rammelkamp are planning to attend the seventy-fifth anniversary celebration of the founding of Monticello seminary at Godfrey. The celebration will occur on June 3. The Reverend Theron Baldwin, the first principal of Monticello seminary, was a member of the "Yale band" which founded Illinois college.

The Classical club of Jacksonville have completed arrangements for the presentation of Euripides' Iphigenia in Tauris by the Coburn players on Wednesday evening, May 23, at 8:15 p. m. The play will be given on the Illinois college campus, or in case of rain in the Musiel hall of the Illinois Woman's college. The seat sale will open next Wednesday, 21, at 8 a. m. at Brown's Music store.

Professor Sherman Teavitt attended a meeting of chemists at the University of Illinois last week.

### SURVIVORS OF COMPANY B, 10TH ILL. INF.

Announcement is here made to comrades of Co. A and B that an effort will be made and headquarters located for a reunion of survivors of our regiment during the G. A. R. encampment in Alton, May 20, 21, 22.

Yours fraternally,  
G. Frank Long, Co. D.

Authorized by James N. Brown, secretary 10th Ill. Inf. organization.

### GRANT'S REGIMENT CELEBRATES.

DuQuoin, Ill., May 17.—The survivors of the Eighteenth Illinois Volunteer Regiment assembled at DuQuoin to celebrate the fifty-second anniversary of their muster into service. The regiment was organized by Gen. U. S. Grant and entered the service from Anna. Among the speakers was Rev. Jacob Cole of DuQuoin, the only survivor chaplain of an Illinois regiment in the civil war. Nineteen veterans from southern Illinois attended the reunion today. These new officers were elected for the coming year: President, Dr. Brown, Benton; vice-president, John A. Coleman, West Frankfort; secretary, O. P. Loudon, Carbondale; chaplain, William C. Sadler, Thompsonville. The next reunion will be held at Benton.

### GOTHAM'S GREAT

AND ONLY SHOW. New York, May 17.—The annual Municipal Street Pageant, intended to illustrate how a Knickerbocker expends millions of dollars of the people, was given today and was voted a huge success by the tens of thousands of spectators who lined the route of the procession. The centre of attraction for the youngsters was the Park Department divisions, which included a number of regulation circus cages containing animals from the Zoo. Hattie, the talented Central Park elephant, marched proudly at the head of the menagerie.

### RECITAL BY STUDENTS OF CONSERVATORY OF MUSIC

Program Given at Northminster Church—Teachers' Certificates Presented by President Rammelkamp.

A students' recital of the Illinois College Conservatory of Music was held in Northminster church Friday evening and attended by a large audience. The candidates for diplomas were Maelia Litter Crum and Durrell Hatfield. The teachers' certificates were presented by President Rammelkamp.

The work of the students evidenced some painstaking efforts and not only they are to be congratulated upon their success but the members of the Conservatory faculty. Mr. Kritch and Mr. Munger acted as accompanists.

The following was the program: Concerto, minor, Op. 40 (piano).

Mendelssohn  
Allegro appassionato—Adagio—Finale, presto scherzando.

Maelia Litter Crum.  
(Candidate for diploma)  
Concerto, G minor, Op. 26 (violin).

### SANTA FE MARKER UNVEILED.

Marshall, Mo., May 17.—The state committee of the Daughters of the American Revolution arrived here Friday to participate in the unveiling ceremonies at the monument to mark the Santa Fe Trail. The Marshall Chapter and the Roger Nelson Chapter united in entertaining the visitors.

During the ceremonies, Mrs. Donald McLeon of New York, honorary president, presented Mrs. Van Brunt with a silver loving cup, a present from the Roger Nelson Chapter. Mrs. Van Brunt is chairman of the state committee and Mrs. McLeon called her the madonna of the trail. All children from the public schools and to those in charge of the different offices at the city hall to start immediately on the making of the inventory of all the city property. This inventory is expected to be completed by Monday, May 26.

SHERIFF AND EX-OFFICIO COLLECTOR.

### KING ALFONSO 27 YEARS OLD.

Madrid, May 17.—King Alfonso, who was born May 17, 1886, celebrated his 27th birthday anniversary today. The people's admiration for the coolness and bravery displayed by the young king on the occasion of the latest attempt on his life was reflected in the birthday celebrations, which were more enthusiastic and more general throughout the kingdom than for some years past. During the day hundreds of congratulatory messages were received at the royal palace, together with many valuable presents from the sovereigns of Europe and personal friends of the king.

### ILLINOIS STATE NEWS.

Jumped From Window, May Recover.—That Harry McAdams, who jumped from a window in St. Mary's hospital in Quincy, with suicidal intent, has a good chance to recover, was the assertion of Dr. Baker who has charge of the case. It was thought at first that internal injuries had been sustained which would cause his death.

Peoria's Population.—The estimate of the population of Peoria as fixed by the publishers of the new city directory is \$9,429 against a population of \$5,019 a year ago. The population of Greater Peoria which includes Averyville, Peoria Heights, Bartonville, South Peoria and all the territory intervening is estimated at 120,096 against an estimated population of 115,023 a year ago.

C. P. & St. L. Compromises With Manito.—For the past year a suit has been pending between the village of Manito against the Chicago, Peoria & St. Louis Railroad company to compel the railroad to place flagmen at dangerous crossings here.

A compromise has been effected the railroad has issued a check covering all court costs; will install electric bells at crossings to give warning of approaching trains; will wire their stations here for electric lights and light it with electricity hereafter.

Cass County Boy at Pasteur Institute.—Orville Jokisch, son of Mr. and Mrs. Frank Jokisch of Virginia is at the Pasteur Institute in Chicago where he will undergo treatment for three weeks to guard against hydrophobia. He was bitten by a family watch dog, which exhibited symptoms of rabies. The lad was taken to Chicago in order to avoid any chances of hydrophobia.

Threaten Tar For Teacher.—"We will tar and feather you and drive you out of town and punish you as you have punished our children," was the threat received in an anonymous letter by Viola Johnson, a young school teacher in Channahon, a village south of Joliet. Miss Johnson accuses a well known woman of writing the letters, of which to day's was the second. The affair is said to be the result of Miss Johnson's attempt to keep discipline in a room which it said has been notorious for disorder.

Galesburg High School Pupils Want More Courses.—Students of the Galesburg high school want courses in millinery, French and Spanish added to the curriculum of the institution. Petitions making their requests were presented to the Board of Education at its regular meeting and while no definite action was taken, the matter will be given serious consideration.

Joliet Taking Inventory.—Acting under orders from Mayor Harvey E. Wood, instructions were given to the heads of the various departments and to those in charge of the different offices at the city hall to start immediately on the making of the inventory of all the city property. This inventory is expected to be completed by Monday, May 26.

Workman Falls to Death.—Falling 25 feet and striking his head on a beam, Isaac D. Botts, an employee of Baker Bros., was fatally injured at the Decatur and Macon County hospital in Decatur. Mr. Botts was a carpenter and was working on one of the steel trusses some distance from the ground. He lost his balance and fell off the truss. He caught a guy rope and tried to save himself, but the rope broke and he dropped into the basement a distance of about 25 feet.

Gifted Girl Sues For \$10,000.—Miss Ruby Frouth, a well known young woman of Lewistown, has brought suit against Clarence E. Markley, a farmer, for \$10,000 damages. Mrs. Frouth says she had made all arrangements for the wedding and that Markley without telling her slipped off to Havana and married another girl.

### May Issue Bonds to Pay Riot Claims.—That it may escape the an-

noyance of being repeatedly called upon to settle judgments obtained against the city in connection with the riots of August, 1908, and of threats on the part of attorneys representing the holders of these judgments, to bring injunction suits against Springfield and tie up any cash the city may manage to become the possessor of until the judgments, with interest, are satisfied, the Springfield city officials are preparing to meet the situation with a proposed bond issue of \$45,000.

Illinois Again Has Anti-Toxin.—Illinois has resumed its normal use of anti-toxin. In February, the supply of the serum was cut off from distribution to the board's agents throughout the state because of the exhaustion of the appropriation covering the expense of the purchase and distribution of the disease preventive. The state legislature now has made the needed appropriation and the distributing points under the direction of the state board have been restocked.

Turkey Long Buried Still Lives.—The cyclone which passed over southern Illinois March 24, 1913, played a queer prank, which was discovered Friday by Mr. and Mrs. L. M. Hardin, four miles southeast of Carbondale. Their home, a small building, was stripped of its framework, but the sills were left intact. This part was lifted from its foundation, carried 50 yards and dropped upon clearing away the ruins, workmen raised it, and a turkey hen, which was caught under it at the time of the cyclone, was found alive and hoped out. It had been imprisoned 47 days without food or water. As the sills are only 2x8, it could not stand under the floor, but is still alive, and apparently none the worse for the experience.

Virden Miner Killed.—Petro Berganvini, a miner employed at the Royal Colliery Coal company mine, at Virden, was killed Friday morning by a fall of coal and slate.

Holsteins Sell For Big Figures.—The Elgin dairy district, rapidly becoming a world-center for thoroughbred Holstein cows, was the stage recently for two big sales which totaled more than \$100,000. T. E. Getzelman of Hampshire sold cattle to an aggregate value of \$46,500 and R. E. Haeger of Algonquin sold \$58,520 worth.

The highest price paid at either sale was for "King Pontiac Boon Blith," a six months' old bull, the son of Johanna McKinley Segis, Getzelman's \$50,000 bull. The little Holstein was bought by R. G. Brown of New York for \$4,500.

Alton Wants Interest on City Money.—The Alton city council has decided to compel banks in Alton to pay the city interest on daily balances. At present there is \$80,000 in the hands of the city treasurer. Heretofore, no interest has been paid by any of the banks, and the contest for city treasurer has developed into a bank fight to determine who would control the city funds.

### CHAPIN.

Tonight at the Chapin M. P. church will be an occasion of rare interest when the pastor, Rev. Frederic Baylis, will take his audience through the "Diamond Fields of Dixie," touring the sunny southland by means of 100 beautiful stereopticon slides. An evening of educational, entertaining and religious opportunity is offered free. A comfortable pew and a welcome for you at this store.

### CELEBRATION OF CZAR'S BIRTH

St. Petersburg, May 17.—Nicholas II., emperor of all Russias, will attain his 45th birthday anniversary tomorrow. In accordance with official custom the day will be kept as a public holiday and a special service of an elaborate nature will be held at Kazan cathedral. The present czar is the eldest son of Alexander III., and is the eighth representative of the house of Romanoff-Holstein to become ruler of Russia. He ascended the throne November 1, 1894, and, four weeks later, was married to Princess Alexandra Aitx, daughter of the Grand Duke of Hesse. The imperial couple have five children, four of them daughters, the youngest a son.

### DOMESTIC SCIENCE CLUB.

The Social Domestic club met Friday afternoon at the residence of Mrs. Hannah Merriweather, with a large attendance. After the routine of business suitable refreshments were served. Mrs. Merriweather was assisted by Mrs. Jane Carr, Mrs. N. J. Blue and Mrs. Sherman Spencer. The club adjourned to meet the third Friday in June with Mrs. Hattie Moseley, South Prairie street.

## SOME DON'T'S For Stomach and Liver Sufferers

Don't take medicine for your Stomach ailments morning, noon and night as usually such medicines only give temporary relief and simply digest the food that happens to be in the stomach.

Don't permit a surgical operation. There is always serious danger in operations and in almost every case of Stomach, Liver, Intestinal Ailments, Appendicitis and Gall Stones, the knife can be avoided if the right remedy is taken in time.

Don't go around with a foul smelling breath caused by a disordered Stomach and Liver to the discomfort of those you come in contact with. Don't think you cannot be cured of your Stomach trouble, worse cases than yours have been cured by May's Wonderful Stomach Remedy.

Most stomach ailments are mainly caused by a catarrhal condition. May's Wonderful Stomach Remedy not only removes the catarrhal mucus, but allays the chronic inflammation and intestinal tractantastic, and this is the secret of its marvelous success.

Don't suffer constant pain and agony and allow your stomach ailments to physically undermine your health. No matter how severe your case may be or how long you have suffered—one dose of May's Wonderful Stomach Remedy should be taken and is highly recommended by Members of Congress, Justice of the Supreme Court, Educators, Lawyers, Merchants, Bankers, Doctors, Druggists, Nurses, Manufacturers, Priests, Ministers, Farmers and people in all walks of life.

Ask your druggist for interesting literature and convincing test methods of cured people, or it will be sent to you direct. Address Geo. H. May, 1646 W. Madison St., Chicago, Ill.

## LAKOTA, N. D.

Mrs. Edward Cunningham and Mrs. Bert Spainhower of Larimore were visiting at the home of Mr. and Mrs. Sinclair Russell Tuesday and Wednesday of this week. They came up with Mr. Cunningham in his car and report the crops looking fine on the way.

Mr. and Mrs. Walker of the Benetdale farm were visiting Mr. and Mrs. Charles E. Henry Sunday.

Warren Wright of Murrayville arrived Sunday May 10th to take up his position as head bookkeeper for the Farmers Mercantile Co.

Miss Edna Ramsey of Murrayville who is visiting her sister Mrs. Cunningham of Larimore was attending the county Sunday school convention at Inskter last week as a Presbyterian delegate and reports a very interesting time.

E. E. Henry of Woodson is visiting his father and mother at Lakota this week.

Former Morgan county boys have organized a base ball team to be known as the Illinois Ramblers and have taken on quite a number of games already. Some of the former Murrayville Ramblers are here and are showing up in their usual style.

Alva Bracewell, family and Norman Coulson of Michigan City were calling on Lakota friends Sunday.

Mr. Bracewell is running an 800 acre farm. He reports all of his wheat seeded and well advanced with oats, horses standing up to their work fine. He is very well pleased with his new home.

The Lutz farm near Lakota, consisting of 840 acres was sold last week to a Mr. Sims from near Peoria, Ill. at \$47.50 per acre.

Ben Creason of Pendleton, Ind., arrived to day to work on the big farm.

Joe Henry took supper and spent the evening with Mr. and Mrs. McFadden Sunday.

Miss Faith Shelton has several young Jack Rabbits that have become real tame and they make quite a pet.

Frank Henry was visiting Clayton Bros. Wednesday and reports that they were well advanced with their seedling and that Newton Shelton's duck was hatching and that "Benjie" wants to see Bud.

## ON THE SIDELINES.

It wasn't a very welcome home coming for Chance as far as winning goes. But the tribute to the man and the game was what most stirred his heart. It is doubtful if a more whole-souled welcome was ever given a man in this country with the exception of Grant on his return from his world's tour and Dewey, the hero of Manila. These were great men of war. Chance is a man of peace. Yet forty thousand people turned out to greet him. It pays to be square.

Frank Donnelly isn't through with the game yet in spite of his 48 years. He battled for one thousand per cent yesterday against Dubuque.

Catcher Boucher of Dubuque is a reliable hitter. He hit three times out of four times up against Springfield. Although his team didn't win the catcher should feel that he did his part all right.

Kommers is breaking into the home run column with frequency these days. It is a mystery why he has never been given more of a trial in faster company. New York had him once but he did not stick. He could at least go to the American association and at a good price too. Managers are overlooking a good thing in not going after the hard hitting Fred.

Barnes pitched a great game for Davenport, allowing but two hits. O'Leary has a good team and should stay at the top indefinitely. He has been building up for the last two years and is about due to cop this time.

Monmouth is said to be on the ragged edge due to poor support. It has a winning team and a high salaried one too. Galesburg is reported to be ready and willing to take over the franchise in case Hough decides to quit the pottery town.

The Illinois-Missouri season opens Tuesday. Streator will play the opening game at Pekin and Jack Herbert has made arrangements to have a moving picture man present to take views of the game. He has not definitely settled upon his pitching staff yet. So it is not known whether Simms will stay with the team or not.

Doc Crandall seems to have taken on a new lease of life. He will be kept by the Giants for emergency duty. He performed all right yesterday.

Brooklyn fans showed their appreciation of President Ebbetts' efforts to give them a winning team in addition to one of the finest and best appointed ball parks in America, by holding a banquet in his honor and presenting him with a handsome diamond stick pin tastefully designed as a baseball diamond. Many prominent men were guests and it must have been a happy occasion for William, who has received more bricks than bouquets of late years.

Rumors that Roger Bresnahan would succeed Johnnie Evers as manager of the Cubs are not heard so persistently these days. As long as Evers keeps his team in the running there will be no demands for a change.

That crowd at Chicago, 36,000, did not break the record for attendance but it was some crowd all right. Russell's claim to being a really great pitcher seems established beyond doubt. Think of a youngster in his first season facing a crowd like that and half of them wishing to see him beaten. It takes nerve to face a situation like that. This youngster is to take his place alongside of Wood, Mathewson, Johnson and the other great ones, unless all signs fail. The cash receipts of the game must have totaled over the hundred thousand mark as fancy prices were obtained for seats. It was a notable assembly in more ways than one. The number of distinguished men present was large. And the best thing about it was that all were there to do homage to one of the best men in or out of the business.

Bill Guthrie has been reinstated by President Lynch and is to be held in readiness to take the place of any of the present staff should occasion require. Owens, however, has been permanently let out.

Alva Williams, the Senators' great catcher, who used to play with Keokuk, was called to his home, Carthage, Ill., last week. His aged father is seriously ill. Williams is quite well known here and is highly regarded.

They do say that one of the reasons for Joe Wood's comparatively poor showing so far this season is due to the fear of hitting batsmen with the ball. Since he struck and nearly shoved Bob Byrne over the Great Divide, he has been squeamish about putting on too great a head of steam.

TENTH CAVALRY REUNION.  
A call has been made for the reunion of the Tenth Cavalry Ill. Vol. to be held at Alton on Wednesday, May 22, following the Grand Army parade. The meeting will be held at department headquarters.

According to the adjutant general's report this regiment was the last Illinois regiment discharged from the service, November 22, 1865, and mustered out January 6, 1866. George Paul of this city was a member of Co. D during the entire service of the regiment and L. L. Rexroat of Concord was also a member of the regiment.

Will Moss and Al. Weeks of Arenzville were visitors in the city yesterday.

of pale faces will be initiated at the Grand opera house. There the work will be put on by the Chicago crack team.

While it has often happened that in the case of other conventions held here the number of delegates has been far less than the number expected, the indications are that there will be more Red Men than have been really counted on. Every room in all the Jacksonville hotels has been engaged and quarters have been secured in many private homes. The local committees have made complete arrangements for entertaining the visitors, the merchants are showing a commendable spirit to decorate and have Jacksonville appear in gala attire and it is very likely that the most successful convention that Jacksonville has seen will be held this week. ## Walking Typhoid May be Your Trouble.

Why Drag Along, Worn to the Bone When You Can be Robust, Happy and Full of Life.

With your blood full of catarrhal infection, nerves all unstrung, blood impoverished, headaches, lassitude, pellagra, hookworm, tape worm, chills and fever or some other debilitating influence, the very foundation of health is being sapped away by spring humors.

S. S. S. is a Wonder. It Makes You Look and Feel the Picture of Real Health.

Half the people who meet complain of weary muscles, stagnant brain, jangled nerves, and a mournful desire to lay down and just quit. Most of these people have been using nervines that spasmod-

ically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants. Bear in mind that this worn out feeling is due to poor blood, to bacteria in the water you drink; to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, that condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

If you feel played out or experience the peculiar sensations of gas and tenderness in the bowels, go to any drug store and ask for a bottle of S. S. S., Swift's Sure Specific. Here is a remedy that gets at work in a twinkling; it just naturally rushes right into your blood, scatters germs right and left, up and down and sideways.

You feel better at once, not from a stimulant, not from the action of drugs, but from the rational effect of a natural medicine just as active and just as timely as to a man who has been lost in the mountains, is about starved and comes across a settler just cooking a savory meal of good honest beef. Do not neglect to get a bottle of S. S. S. today. It will make you feel better in just a few minutes. It is prepared only in the laboratory of The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. COMING!

TWO MATINEES!

TUESDAY AND WEDNESDAY, MAY 20th AND 21st.

TWO NIGHT PERFORMANCES

Manager Hunt takes immense pleasure in announcing that he has secured for Tuesday and Wednesday, both afternoon and night, RAYMOND, the greatest of living magicians. This "American Magus," who has entertained and startled the whole world with his art, will appear here with a select company of twenty-five. Raymond recently closed a remarkably successful engagement at the Studebaker Theater in Chicago, and, in fact, he is one of the few stars who are demanded in Chicago at least once each year.

## A Characteristic Raymond Program

### PART FIRST

THE GREAT RAYMOND—Magician—Inventor—Illusionist.  
Offering a new and original Potpourri of Bewildering Surprises and Comical conjuring effects from his extensive repertoire, including Japanese Magic and Fairy Bar-Bons.  
Surrealistic Coffee.  
Sharp Shooting extraordinary.  
The Magic Casket of Crystal.  
The Vase of All Nations.  
A Lesson in Cooking.  
Aerial Angling.  
The Woman in the Box.  
A Lacy Screen Dream (a Military Mystery).  
The Pagoda of Tokio.  
The Throne of Mystery (a marvelous illusion, in which several charming young ladies appear, disappear and reappear in a most surprising manner).

The Bewitched Candle—Noah's Ark, a new illusion with an old name. Special attention is called to the fact that the ark is shown front and back, and completely revolved in full view of the audience. Lights above, inside and out, prove its absolutely empty.

### PART SECOND

THE GREAT RAYMOND—Royal Conjuror, Humorist, Fantist, pre-senting  
The Mysterious Egyptian Box or Lightning Dressmaker.  
The Merry Widow (a travesty).  
The Golden Goblets of Pharaoh.  
A Chinese Effect.  
Here, There and Everywhere.  
A useful Portmanteau.  
The Fairy Cages of the Magis.  
Mr. Raymond produces living beings from thin air.

### PART THIRD

THE GREAT RAYMOND—In new and illusory problems, including  
Apparition.  
The Girl from Nowhere.  
Slates and Spirits.  
The Magical Bath Cabinet.  
A Queer Gamble.  
Concluding with "Hypnotic Levitation"—an illusion so weird and startling in conception that grave doubts are raised in the minds of thinking people.  
The Great Raymond has appeared before King Edward VI, King George V., Kaiser Wilhelm, Czar Nicholas, King Leopold, Emperor Franz Josef, King Emmanuel, Queen Wilhelmina, King Manuel, King Alfonso, the Mikado of Japan and other Monarchs and has received many decorations.

## GRAND JURY REPORTS FILED WITH THE CIRCUIT COURT

Conditions at County Jail and Home are found satisfactory—Various recommendations for improved equipment.

The members of the Morgan County grand jury finished their work Saturday and adjourned. Reports filed on the county jail and county home are as follows: Jacksonville, Ill., May 17, 1913. To the Honorable Judge of the Circuit Court of Morgan County, The Honorable Owen P. Thompson.

We the undersigned committee appointed by the Grand Jury to investigate the conditions at the County Home of Morgan County do hereby make the following report:

### Amount of Stock, Grain, etc., on Hand.

4 head of horses, 2 mules, 10 cows, 8 yearlings, 5 calves, 1 bull, 21 brood sows, 20 farrowed this spring and have 123 pigs, 16 wild hogs in the fall, 24 fall shoats worth about 130 pounds, 133 hens, 250 spring chickens. All this stock was found to be in splendid condition for this season of the year.

### Meat on Hand.

100 millions of lard, 10 hams, 54 shoulders and 48 sides of cured meat.

### Grain on Hand.

600 bushels of corn estimated; 300 bushels oats estimated; 5 tons of timothy hay loose.

### Land Under Cultivation.

25 acres of clover, 70 acres for corn is planted and coming up, 10 acres timothy meadow, 24 acres of wheat, 2 1/2 acres of potatoes, 3 in garden, balance of farm is in grass and lots.

### Inmates.

There are now 22 inmates at the Home, 25 male and 7 female all well cared for.

We the committee recommend the following improvements: First of all a water system as a fire protection and for the health and convenience of the Home. Previous grand juries have called attention to the demand for concreting the basements and this grand jury hereby calls attention again to this need. The boiler of the heating plant is in a bad condition and we are informed the same has been condemned. It is reported the boiler can be repaired and your committee would also suggest the matter of considering the installation of a light plant in connection with improvements of the heating plant. At least it should be so planned that the lighting system could be added at a later time if it can not be added now.

Your committee finds that many of the buildings at the Home have been neglected as to paint etc., and would suggest that they should be treated with a new coat of paint

at the earliest possible time. Some buildings have been erected and have never been painted. Committee believes that it would be economy to give these structures this attention at once.

Your committee wishes to compliment Mr. and Mrs. Lewis who are in charge of the Home for the splendid manner in which the farm, the garden, the stock are kept; also for the care and attention given to the inmates. We found the place as comfortable and homelike as it could possibly be made under the circumstances.

Mr. Lewis has cleaned up the little cemetery on the farm in which a number of inmates have been buried. Since his residence and superintendency he has seen that markers have been placed at each grave or those buried there during his superintendency.

Mr. and Mrs. Lewis and daughter served this body with a most delightful dinner on the occasion of its visit to the Home last Thursday. They were assisted in serving and entertaining by Mrs. Caldwell, Mrs. Charles Curtis. A vote of thanks is hereby tendered to them for the elegant service and other courtesies.

Chas. E. Cussins.  
Wm. H. Graubner Jr.  
E. McKenna.  
B. D. Davenport.  
Edward Gallagher.  
Stephen T. Gorham.

To the Honorable Owen P. Thompson, Judge of the Circuit Court in the County of Morgan.

We the committee of Grand Jurors appointed to visit the County Jail find thirteen inmates now in the jail—three colored and ten white three being boys, who will be taken later to the Boys' School in St. Charles.

The prison was well and neatly kept, sanitary and clean. The prisoners were also in a cleanly condition and the institution showed that Sheriff W. B. Rogers spared no attention to make the jail as comfortable as it can be made.

We would recommend laying concrete walks in the rear to the well and also the placing of steps at the rear of the building and to the cellar. The yard in the rear could be sodded up and made more attractive by sowing the same in grass and as this could be done at little or no expense it is hereby recommended.

### AREZVILLE COMMENCEMENT.

The commencement exercises of the Arezville high school will be held Saturday evening, May 31, at the opera house. The graduates are Florence C. McElroy, Genevieve D. Houston and Maude Malba Weeks.

## WILL LAY CORNERSTONE OF WAVERLY CATHOLIC CHURCH MAY 25

Ceremonies to Be in Charge of Rev. Father Hickey of Springfield—Jacksonville Delegation To Go in Special Train.

Extensive preparations are being made for the ceremonies of laying the cornerstone of the new Catholic church at Waverly, Sunday, May 25, which will be in charge of Rev. Father Timothy Hickey of Springfield, vicar general of this diocese.

At a recent meeting of the local council, Knights of Columbus, it was decided to go to Waverly on that date to assist in the exercises and they have secured a special train for the trip. A large delegation from Carlinville and Lincoln will go to Springfield via the Illinois traction lines, and join the Springfield delegation at that place, making the remainder of the trip via a special train on the C. & St. L., arriving in Waverly at 10:45 o'clock that morning.

At 11 o'clock on the morning of the corner stone laying high mass will be celebrated in the Waverly opera house by Rev. Father Davis of Carlinville and a special choir from Springfield will sing. The sermon will be delivered by Very Rev. Father Timothy Hickey and at 2 o'clock in the afternoon the corner stone will be laid by Father Hickey. At the corner stone laying the sermon will be delivered by Rev. Father Foley of the Western Catholic church of Pittsfield, Ill. The exercises will close with a lecture at 4 o'clock in the opera house by Rev. Father Blaser, a Franciscan missionary from China, the lecture to be the same as that given in this city last Sunday.

The train carrying the Jacksonville delegation will stop at Franklin, where a large number will board it, and dinner for the visitors will be served by the ladies of the church in a large hall which they have engaged for the purpose.

The new church will be a brick structure with a seating capacity of about 200 and when completed will be a very handsome edifice. The old church building has been removed from the property and work will be pushed forward as rapidly as possible on the new building. Rev. Father L. C. Ryan is pastor of the church and has expended no little energy in the work of preparing for the building and arranging for the laying of the corner stone.

## LITTLE THINGS.

A legend, 'tis true, but this story old  
Bears a lesson that cannot too often be told.  
Its of a pilgrim who passed along the way,  
Where the sun beat down with pitiless ray.  
And planted an acorn here and there  
By the side of the road with the greatest care.

Further he went 'till he came to where  
A spring had bubbled in beauty rare;  
But the spring was lost in the drifting sand,  
And few there were in this desert land;  
So he tarried here 'till early dawn  
And dug a well then again passed on.

With a song on his lips he reached the town,  
Yet naught but strife and envy found;  
Freighted with peace and love was the song  
The pilgrim sang as he passed along.  
And discord was stayed, while the listening ear  
Was strained the last note of that song to hear.

Years passed, and again the pilgrim came,  
But the sun-scorched road was not the same;  
To, mighty oaks had the acorns grown  
And to the breezes their branches thrown.  
A haven of rest the wayfarer found,  
As he tarried here on the shaded ground.

From the well scores of pilgrims had quaffed,  
Then with eyes turned to heaven given thanks for the draught.  
And many a beast and rider they tell,  
Would surely have perished but for the well.  
Its presence was hailed with a cry of delight  
From the traveler when first it burst on his sight.

He reached the town at eventide,  
Peace reigned supreme on every side;  
Through all these years the song he had sung  
Had, in their lives and memories clung.  
Only a little that he could do,

Yet the world was brighter when he had passed through.

## CONSERVATORY NOTES.

The annual spring festival concert will be given this year at Westminster church on Friday evening, May 30. The program will be furnished by the Conservatory orchestra, under the direction of Mr. Kritch, and the Illinois College chorus, under Mr. Howard French, assisted by Mrs. Wm. Barr Brown, Jr., and Mr. George Ashley Brewster as soloists. The orchestra will play two movements of Beethoven's famous fifth symphony in C minor, and the overture to Hamperden's fairy opera "Hansel and Gretel." The chorus will sing "The Piper of Hamelin," a cantata by Parry, in which Mr. Brewster will take the part of the Piper and Gounod's "Gallia," in which the soprano solo will be sung by Mrs. Brown. She will also give on the program a group of songs and will sing some duets with Mr. Brewster. The tickets for this concert will be on sale at Brown's music store on Monday, May 26th.

The faculty recital will take place at Northminster church on Tuesday evening, May 27th. The Conservatory trio, Messrs. Kritch, Munger and Jensen will play the D major trio by Wolf-Ferrari, Miss Oldfield will sing an Aria and two songs, and the Beethoven piano quartet will be played by Mr. Kritch, Mr. Munger, Miss Jensen and Mr. Jensen. The public are cordially invited.

The concert of the Illinois College Glee club takes place next Tuesday evening, May 20th, in Northminster church.

The graduation recitals which were given last Thursday and Friday evenings, May 15th and 16th, passed off well, the students taking part reflecting credit both on themselves and their instructors. On Friday evening teacher's certificates were presented by President Rammelkamp to Mrs. Cora Carter, Sallie Harton, Louise Huddleston, Alice Phillips, Frederick G. Myers and Mahatha Stewart.

A recital will be given by the Conservatory trio at the Ursuline academy in Springfield on Friday, May 23rd.

A special rehearsal of the chorus will be held Saturday evening, May 17th, at the regular hour, seven o'clock.

## No Man Can Keep up with the Progression Without Modern Facilities

The methods and equipment of other days are now fitly described as "archaic."

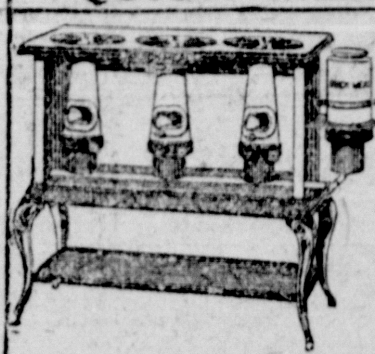

Quill pens, sand shakers and bell ropes are no longer found in business offices, nor do the bookkeepers of today rule their own ledgers.

Private couriers with document-laden dispatch bags are seldom met on the highway.

But Long Distance Telephone wires parallel every important highway, and are burdened with the most pressing and weighty messages of the live minds of the present day.

## To the General Manager of the Kitchen:

You doubtless realize that the success of your cooking and baking hinges to a great extent on the range you use. It is therefore vitally important that you have a range that will give the most perfect results, a range that will make every day's work a pleasure rather than a task.

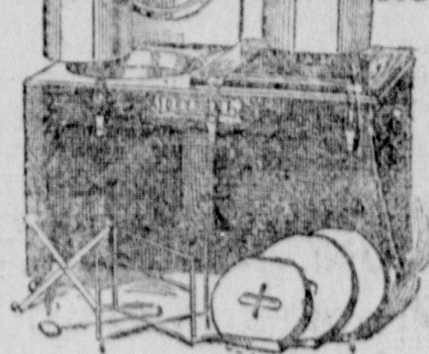

Cooking with gas on a Detroit Jewel Cabinet Style Gas Range has proven a revelation to many women who once used other methods. They now work in comfort in a cool kitchen. When they are ready to bake they turn on the gas and the scientific oven construction of a Detroit Jewel insures perfect results.

Best of all, the one-piece star-shaped burners mean the smallest possible consumption of gas.

With the Cabinet style there is no bending or stooping. Everything is on a line with the eye. Can you imagine anything more convenient or essential to your best efforts in the kitchen? ### STATE HISTORICAL SOCIETY ENDS SESSIONS IN SPRINGFIELD

President C. H. Rammelkamp and Andrew Russell Re-elected Directors—Program of Friday.

Enslay Moore, President Rammelkamp and Andrew Russell attended sessions of the State Historical Society in Springfield.

Among the most interesting features Friday forenoon was a paper by Mr. W. H. Clendenin, formerly editor of the State Register, entitled: "Paul Selby, the last survivor of the Editorial Convention of 1854." This was a full and considerate expression from a political rival upon the life and work of Mr. Selby, one time editor of the Morgan (now Jacksonville) Journal, who died the past winter at the advanced age of 88 years.

Mr. Moore made some remarks after Mr. Clendenin's article had been read, regarding Mr. Selby, claiming the "grand old man" of the Republican editorial profession as of Jacksonville. There he attended Illinois College and began his life work as a writer and political reformer. Mrs. Arthur E. Prince of Springfield, a step daughter of Mr. Selby was an interested auditor of what was said about the veteran editor. At the morning session, Prof. E. B. Green of the U. of I. read an interesting and valuable paper on "The Public Archives of Illinois."

At the morning session the society elected Col. Clark E. Carr as Honorary President for life; Dr. Otto L. Schmidt of Chicago as president, with Hon. Richard Yates, W. T. Norton, Geo. W. Lawrence and Hon. L. Y. Sherman as vice presidents. President Rammelkamp and Mr. Andrew Russell were re-elected directors of the society.

The afternoon exercises were as follows:

Smith D. Atkins—In Memoriam, Richard V. Carpenter, Belvidere, Ill. Remarks on Gen. Atkins—Ex-Governor Richard Yates.

The Baptists and Slavery in Illinois—Willard C. MacNaull, Department of History, Oberlin College.

The Slavery Controversy and the Methodist Episcopal Church in Illinois—Rev. John M. Ryan, D. D., Pontiac, Ill.

Friday Evening, 8:00 O'clock.

Senate Chamber.

The Lincoln Poor White Legend—Olynthus B. Clark, Ph. D. Drake University, Des Moines, Iowa.

Stephen A. Douglas, the Expansionist—Frank E. Stevens, Editor Dixon Weekly Citizen, Dixon, Ill.

NATIONAL GRAND ENCAMPMENT ORDERS.

National Grand Encampment, No. 1. All Illinois troops will spend some time in instruction at Camp Lincoln, Springfield. Regiments will report into Camp Lincoln for instruction on the following dates:

First Infantry, July 6 to 13.

Second Infantry, July 13 to 20.

Seventh Infantry and field hospital July 20 to 27.

Sixth Infantry, July 27 and August 3.

Fifth Infantry and engineer company, August 3 to 10.

Third Infantry, August 10 to 17.

Fourth Infantry, August 17 to 24.

Eighth Infantry, August 31 to September 7.

The first cavalry and company A of the signal corps will engage in a practice march, leaving Chicago July 4. The field artillery will be detailed later to its encampment.

Adjutant General Dickson will be in camp at Camp Lincoln throughout the whole of the Springfield encampment. Assistant Adjutant General Richings J. Shand, reporting July 1, will act as disbursing officer. The dates and details of the Illinois naval reserve cruises are yet to be announced.

BANKER'S CONVENTION.

The meeting of Group 8 of the Illinois Bankers' association in Quincy May 28 is but one of a series of similar gatherings held in ten different cities including all the counties of the state and extending respectively from May 14 until June 6. Group 8 comprises the counties of Adams, Greene, Morgan, Brown, Hancock, Pike, Calhoun, Jersey, Schuyler, Cass, Menard and Scott.

The 29th, there will be a meeting in Bloomington of Group 5, Group 6 will meet in Mattoon June 3, group 7 in Peoria June 4, group 3 in Rochelle the 5th and group 4 at Crystal Lake, June 6.

IN MOTHER'S MEDICINE CHEST are standard remedies which have stood the test of time—remedies which their mothers and grandmothers had used before them, such as Lydia E. Pinkham's Vegetable Compound, which for nearly forty years has been curing the women of the country from the worst form of female ills; merit alone could have stood such a test of time and won such an enviable record.

### A GOOD PRESCRIPTION

For A Long Life.

This is the prescription for a long life given by an old gentleman in Conn., who is 99 years old and still well and cheerful—"Live temperately, be slow to anger, don't worry, take plenty of exercise in the fresh air, and above all keep cheerful."

Should the system get run down—digestive organs weak—the blood thin and sluggish take Vinol, which is a delicious combination of the medicinal—body-making properties of cod's livers, with the useless grease eliminated and tonic iron added. We regard Vinol as one of the greatest body-builders and strength creators in the world for aged people.

Mrs. Mary Ivey of Columbus, Ga., says: "If people only know the good Vinol does old people you would be unable to supply the demand; it is the finest tonic and strength creator I ever used."

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction. Lee P. Allcott, Jacksonville, Ill. P. S. If you have any skin trouble try Saxo Salve. We guarantee it.

### SPECIAL REDUCTIONS IN ALL DEPARTMENTS THIS COMING WEEK AT HERMAN'S.

### NEWS FORECAST.

Washington, May 17.—The first meeting of the Republican national committee since the November election will be held in Washington Saturday. At that time there will be a discussion as to what steps shall be taken by the national organization to bring the party more closely in touch with the progressive ideas of the times.

William M. Wood, the millinaire president of the American Woolen company, is to be placed on trial in Boston on an indictment charging him with the "planting" of dynamite in Lawrence for the purpose of inflaming public opinion against striking mill operatives a year ago.

The second trial of Burton W. Gibson, the New York lawyer, accused of the murder of Mrs. Rose Menchik Szabo at Greenwood Lake, N. J. last July, is scheduled to begin Monday at Newburgh, N. Y. The first trial of the case was held last November and resulted in a jury disagreement.

Six corporations and eighteen individuals, who are alleged to constitute the coaster brake trust, are to be placed on trial in the federal court at Buffalo Tuesday on indictments charging them with violations of the Sherman act.

The big event of the week abroad will be the marriage of Princess Victoria Louise, daughter of the German emperor, and Prince Ernest August, son of the Duke of Cumberland. The royal wedding festivities will last three days. The program provides for a gala opera Thursday night, a state banquet Friday, and the marriage ceremony on Saturday.

Gen. Mario Menocal, a comparatively young man, who was educated at Cornell university, will be inaugurated president of Cuba on Tuesday, in succession to Jose Miguel Gomez. At the same time Enrique Jose Varona will be installed as vice president.

A number of important conventions are scheduled for the week, among them the anniversary meetings of the Unitarians, in Boston; the Northern Baptist convention, in Detroit; the National Association of Railway Mail Clerks, in Cincinnati; the Brotherhood of Railway Trainmen, in San Francisco; the National Association of Retail Grocers, in St. Louis; the National Association of Manufacturers, in Detroit; the National Conference of Church Clubs, in Boston; and the Associated Harvard clubs, in St. Louis.

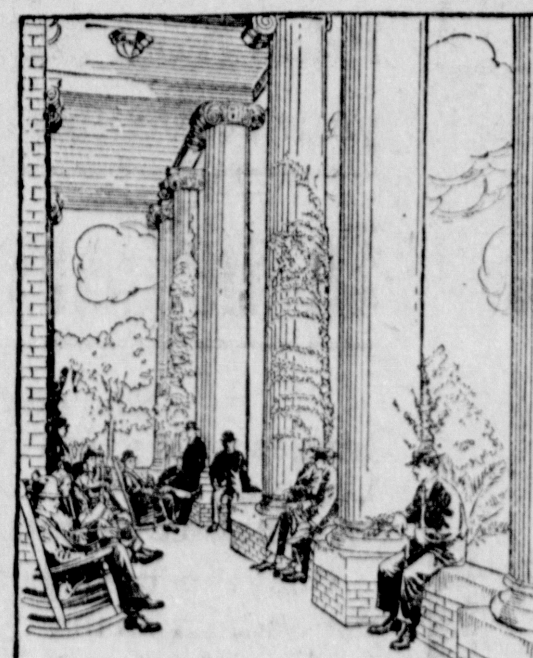

Also contributing to the news of the week will be the celebration of Empire Day throughout Great Britain, the observance of the Richard Wagner centenary, Denver's first election under the commission plan of government, and the consecration of Rev. Henry O'Leary as Catholic bishop of Charlottetown, P. E. I.

### Only One Genuine "Keeley Cure"

There are many imitations and substitutes for the famous "Keeley Cure." Many of these claim to be "just the same" as the Keeley treatment.

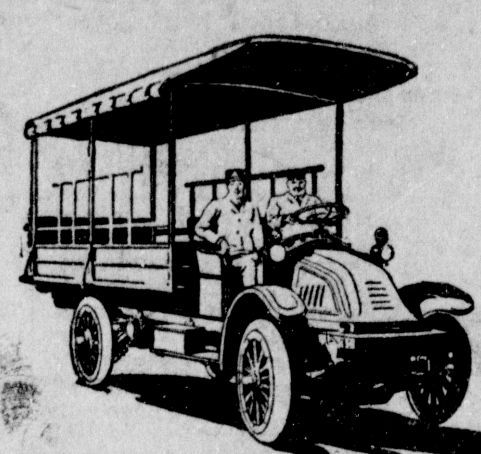

All such claims are absolutely false. The genuine Keeley remedies can be had only in the Keeley Institute and its branches, of which there are one or more in almost every state.

We have imitators, but no rivals. No other method or treatment produces these perfect and lasting results.

The Keeley remedies can only be obtained at Keeley Institutes; there is only one of these in the State of Illinois and that is at Dwight.

## The Liquor Habit

### Is a Nerve Disease and Can Be Cured

Don't ABUSE or UPBraid the man who drinks to excess! His own conscience does that daily, hourly. He is a SICK MAN. He has the alcoholic nerve cell disease. The time when he could help HIMSELF is long past. But YOU can HELP him! WE CAN CURE HIM!

### What Is the Liquor Disease?

It is a condition where the nerve cells have become trained to need alcohol. And unless they are fed with alcohol they rebel and refuse to control the muscles and brain cells.

The "craving" for drink is not the disease. It is simply the symptom of the disease, just as a cough is a symptom and not, in itself, a disease.

When the disease is cured the craving and appetite for drink disappear, just as a cough disappears when the cause of the cough is removed.

### The Keeley Remedies Cure

Dr. Leslie E. Keeley discovered first the real nature of the liquor disease, and next a remedy that would cure it.

The Keeley remedies are simply nerve tonics that remove the artificial alcohol appetite of the nerve cells and restore them to their healthy, normal condition.

When this is done the man has no longer any need or desire for drink.

In the last 32 years 400,000 men have been cured of the liquor disease by the Keeley method.

The effect of the Keeley remedies is to absolutely destroy the craving and appetite for drink. The man who takes the treatment is no longer called on to fight an appetite. Because the desire and necessity for alcohol are completely gone.

We also cure Opium, Morphine and other drug addictions. The drug is withdrawn gradually and there is no shock, collapse, prostration or sickness. Full particulars in plain, sealed envelope on request.

We manufacture and sell Home Remedies which cure the Tobacco Habit and many forms of nervous troubles. We have a Chicago office, Suite 906-Rector Building, 79 W. Monroe Street, where arrangements may be made.

### TRADING HAS LITTLE EFFECT ON STOCKS

#### SPECULATIVE INTEREST WAS ABSENT IN MARKET.

Narrow Movements of Leading Issues Were Irregular—Prices at First Moved Above Friday's Close But Later Eased Off on Appearance of Selling Orders.

(By Associated Press)  
New York, May 17.—The effect of today's trading on quoted values of stocks was slight. Speculative interest was gone from the market and the volume of business was barely sufficient to preserve the semblance of life in the dealings. The narrow movements of the leading stocks were irregular with a lower tendency. After opening at a small decline, prices moved above yesterday's close but later eased off again on the appearance of some selling orders.

A few stocks broke away from the list and moved widely. Canadian Pacific was again under pressure and broke nearly three points. There was further pronounced weakness among the Rock Island and St. Louis and San Francisco securities, selling of which a conspicuous feature of yesterday's trading. No authoritative explanation was offered for the weakness of these securities, declines among which ran from 1/2 to nearly three points.

St. Louis and San Francisco common and second preferred Denver & Rio Grande preferred, Baltimore & Ohio preferred and seaboard preferred made new low records for the year. Predictions of a substantial gain in cash by the banks as a result of the week's operations were fully borne out by the bank statement. The actual cash gain amounted to approximately \$6,400,000. Changes in loans and deposits were small and \$5,776,000 was added to the surplus reserve.

ANNOUNCE SUNDAY EXCURSIONS  
The local agent of the Chicago & Alton has received notice from the passenger department announcing the decision to run Sunday excursions to St. Louis, Peoria, Peoria and Bloomington this year. The plan was discontinued last year, but commencing next Sunday excursions will be conducted to St. Louis for \$1.50 the round trip for Sunday only and \$1.25 for the round trip to Peoria and the round trip to Peoria and Bloomington. In connection with these week-end low rates will be inaugurated between Jacksonville and Peoria, Peoria and Bloomington, good going on all trains Saturday and Sunday and returning on the first train Monday morning.

GIVES NOTICE OF CEREMONIAL  
John E. Hall, royal viceroy of Ildrim Temple No. 62, D. O. K. K., has prepared a proclamation to be sent to each votary of the temple and to each votary of the ceremonial to be held Tuesday, May 27, in the local temple. A large number of candidates, or tyros, as known in the language of the Arabs, will be initiated on that date and the event promises to be unusually entertaining.

### WHEAT MARKET MAKES DECIDED RALLY

#### CLOSE STEADY AT PRICES VARYING TO 3c ADVANCE.

Bullish Sentiment Was Increased by Fact That May Delivery Ruled Tight Today and Led the Upturn During Past Part of Session.

(By Associated Press)  
Chicago, May 17.—Signs that professional interests were taking the best offerings at every dip caused by weak cables gave the market today a decided rally. The close was steady at prices varying from 1/2c under last night to 3c advance. Latest trading left only 3c off to a like amount up, oats unchanged to 1/2c higher and provisions with a gain of 2 1/2 to 15 1/2c.

Speculators who had been figuring that some of the wheat at present in Chicago would be available for delivery on July contracts received a jolt from predictions by high authority that unless there was a general advance in new crop prices every bushel of the old wheat here would be advanced to a considerable premium over July. It was entirely sold by July 1. Bullish sentiment was increased by the fact that the May delivery ruled tight today, and led the upturn which took place in the last part of the session. Seaboard clearances of wheat and flour today equalled 1,030,000 bushels. Primary receipts of wheat were 464,000 bushels, a year ago 393,000 bushels. Corn traders had the narrowest market of the week. Doubt as to the truth of talk of large receipts soon from the west prevented any material attack. Shorts in oats covered and so wiped out the bearish influence of showers in Illinois and Indiana. Provision prices were pushed higher. Actual transactions, though were few.

### CAME TO JACKSONVILLE

FORTY FIVE YEARS AGO

J. N. Ward Arrived in City the Day  
Corner Stone Was Being Laid at  
Court House.

On Tuesday of this week, 45 years ago, J. N. Ward came to Jacksonville and embarked in business. Including all the business men in Jacksonville he has, perhaps been engaged the longest. He came here from Bloomington where he was born and upon landing in Jacksonville found that they were laying the corner stone to the Court House. This was May 13, 1868. He first purchased the book and stationary business of J. R. Dunn on South Main street, where the old post office used to be. Later he moved his plant to its present location on West Morgan street. Although there does not appear to be much activity in the shop when one steps in the door, yet, no concern in the city has helped to advertise Jacksonville more than the Ward Book Bindery. In every library in the middle and western state and for hundreds of private individuals the Ward Book Bindery stamp is on the big majority of their books, a bindery that Mr. Ward worked out and invented himself. The firm does not do a great amount of business in Jacksonville but recently they sent three shipments to the Philippine Islands and no part of the United States is not touched by their work. Mr. Ward's many friends will rejoice at the abundance success which has come to him and of the part he has played in helping in every good cause.

### GIBSON CONFIDENT

OF ACQUITTAL

Newburgh, N. Y. May 17.—On the eve of his second trial on a charge of murder, Lawyer Burton W. Gibson expresses confidence in his ability to prove to the world his innocence of the crime charged against him. His case will be called for trial here Monday. The trial will be held before Justice Tompkins, who presided at Gibson's first trial in November in Coshen, when the jury disagreed.

Gibson is charged with murdering Mrs. Rose Mensik Szabo, his client, while rowing with her at Greenwood Lake, N. Y., on July 16 last. Mrs. Szabo was the first widow of Bela Szabo, an Austrian of good family who came to America twenty years ago. On the day of the tragedy Mrs. Szabo and Gibson were rowing near the centre of the lake and just within the New York State line when the boat apparently tipped over, Gibson alleging that they were changing seats, and the yawyer and his companion were thrown into the water. When motor boats got to scene Gibson was found clinging to a line. The woman had disappeared. Three days later Mrs. Szabo's body was found and the case was first set down to accidental drowning.

A friend of Mrs. Szabo became suspicious and an investigation was started that resulted in Gibson's arrest and indictment on a charge of murder. The woman's body was exhumed and an autopsy resulted in a finding that she was not drowned, but strangled to death "by pressure applied from the exterior." It was further alleged that the lawyer had fraudulently obtained control of Mrs. Szabo's estate and had already converted a large part of it to his own use.

### GRADUATING EXERCISES OF PASSAVANT HOSPITAL JUNE 5.

### NORWEGIAN INDEPENDENCE DAY.

St. Paul, Minn., May 17.—The Norwegians, who form a large and important element of the population of the northwest, today celebrated their "Independence Day" with popular gatherings and festivities in many cities and towns. The celebrations are held in commemoration of May 17, 1814, when representatives of the people of Norway, then under Swedish rule, met at Eidsvold and proclaimed their independence. To avoid a bloody war a union was formed with Sweden, which was dissolved in a peaceful manner on June 7, 1905. At all of today's meetings plans were discussed for celebrating the centennial anniversary next year.

Charles Gibbs of Lynnvile was among the business callers in the city yesterday.

### MILLIONAIRE WOOD TO FACE BAR ON SERIOUS CHARGE.

Head of American Woolen Company  
To Answer for Alleged Planting  
of Dynamite.

Boston, Mass., May 17.—Unless some unexpected hitch should cause a delay and postponement, William M. Wood, president of the American Woolen Company, Fred A. Attiaux and Dennis J. Collins will be placed on trial in the second session of the criminal branch of the Suffolk Superior Court next Monday, charged with conspiracy in connection with the "planting" of dynamite in Lawrence for the purpose of inflaming public opinion against the striking mill operatives in that city during strike of January 1912.

Preparations are said to be completed and District Attorney Joseph C. Pelletier and Assistant District Attorney Abraham Webber, who will represent the prosecution are confident that the trial will make rapid progress. In view of the great wealth, industrial importance and social standing of Mr. Wood, the principal defendant and of the sensational nature of the charges the case is attracting countrywide interest and attention.

During the riotous days of the textile workers' strike in Lawrence in January of 1912 the police authorities of that city found explosives in several inhabited tenement houses etc., and arrested the occupants of these tenements for violating the law against storing explosives in such fashion. In most cases the prisoners cleared themselves from the charges against them and were discharged. It was believed that the explosives had been "planted" and when John J. Breen, a member of the Lawrence School Board and engaged in the undertaking business, was arrested on suspicion, he admitted his guilt and was fined \$500, which he promptly paid.

District Attorney Pelletier made a thorough investigation to ascertain the inside facts of what he believed to be a conspiracy. Ernest W. Pitman, the head of a large building firm, inadvertently betrayed some of the secrets of the alleged conspiracy and committed suicide on the day before he was to start on a trip to Europe with his family. Then followed the indictment by the grand jury of Wood, Attiaux, Collins and William H. Rice. The latter was indicted separately upon the charge of having carried dynamite through the streets illegally.

Wm. M. Wood, who is alleged to have been the originator and head of the conspiracy, is undoubtedly the most strikingly interesting figure in this case. The story of his life and how he developed from a poor boy to the millionaire president of the greatest textile corporation in America reads like a fairy story. Wm. M. Wood was born in a little cottage at Edgartown, Martha's Vineyard, April 5, 1861. His father, Jacintho Silva, was a poor and sickly Portuguese cobbler, born in Fayal, Azores, who came to this country as cook's helper on a sailing ship. Following the example of some of his country-

men he Americanized his name by calling himself William Jacintho Wood. The captain who had brought Jacintho and family to this country, befriended the man and set him up in the fishing trade at Edgartown. Jacintho married and Wm. M. Wood, their first born, first saw the light of day in the little fisherman's hut.

### WOMAN'S COLLEGE NOTES.

Monday night the fourth year academy class gave their play, "The Rainbow Kimono," to a good audience. Friday night they presented the same play at New Berlin. Thursday evening occurred the annual Wesleyan Matrons' contest in declamation. The markings in this contest were very close and showed the careful training of all those who had taken part. Miss Vera Tomlin received the first prize and Miss Nance Schirding the second. The judges for this were Supt. Santee of Virginia, Hon. Geo. Wilson of Quincy and Prin. Gore of the Jacksonville high school. The prizes in this contest are in cash and amount to \$17 for the first prize and \$8 for the second.

Friday afternoon at 4:15 Miss Vera Tomlin gave her senior recital in expression. She read "When Knighthood was in Flower." A large audience was present to hear Miss Tomlin and greatly enjoyed the work she presented.

The Y. W. C. A. will have a song service on the campus Sunday morning if the weather is favorable.

President Harker is gradually recovering from his sickness and is hoping to get out next week. Friday morning he went to the chapel and announced to the students that \$19,499 had been secured in addition to what had already been marked off. This now leaves \$35,000 to be secured in the next two weeks.

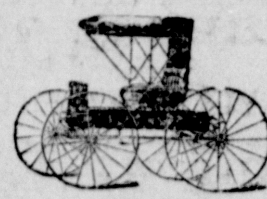

The tennis tournament begins next week and is attracting a great deal of interest among the students. Sixteen contestants have made definite arrangements to enter. The silver cup is on exhibition in the library and is a strong incentive to the contest.

The archery outfit has arrived and is being used almost constantly. It has proven to be one of the most delightful of the outdoor sports.

On Thursday evening, the 22nd, at 8 o'clock, will occur an ensemble recital by students of Director and Prof. Swarthout. This is the first time a concert of this kind has been given and all friends and those interested in good music are cordially invited to be present.

### LOCAL MEN DEPART FOR ST. LOUIS TODAY.

A force of local men departed for St. Louis this morning to work on a couple of large contracts of interior decorating. The contracts were secured some time ago by C. S. Martin, the local paper man, and must be completed by June 1.

### DR. ARTHUR BLACK TALKS ON PANAMA AT PUBLIC LIBRARY

Chicago Physician Heard in Interesting Illustrated Travel Lecture—Showed Views of Cuba and Jamaica Too.

An extended trip through Panama, Jamaica and Cuba this spring was the subject of an entertaining lecture Saturday evening at the public library by Dr. Arthur D. Black of Chicago. A number of excellent slides were shown, most of which were made from pictures taken by Dr. Black himself. Although Panama was the main topic discussed, almost as much interest was shown by the large audience present in the descriptions of the West India points visited by the Chicago doctor and his Chicago party.

The speaker was introduced by J. W. Walton and after explaining that his purpose was to give an account of his trip rather than a scientific lecture on the Panama canal, a subject about which so much has been published, Dr. Black said in part:

**Work of Construction.**  
"Our engineers have been justified in abandoning the old French plan of a sea level canal for a lock construction. Recent land slides of the treacherous banks of the deeper cuts show that the former method of construction would have been almost impossible. Trouble would also have ensued from the water of the Chagres river and from the disparity of the tides in the two oceans, which differ over twenty feet in magnitude. Especially impressive are the huge concrete locks, with their monster 70 ton gates, million dollar emergency daws and powerful electric tractors for pulling through the ships. At Gatun three inclines occur within the space of half a mile. The locks are 85 feet in depth, 110 feet wide and 1,000 long."

"Most of the digging has been done at the Culebra cut, near the Atlantic side. Extensive excavations have been obliterated at the Pacific end of the canal by the formation of a large lake by diverting the waters of the Chagres river. At Culebra one sees the immense steam shovels at work, biting off five cubic yards of earth at a mouthful, at the rate of four a minute and taxing to the utmost the three hundred engines of the railroad through the cut to keep the dirt cleared away."

**Jamaica and Cuba.**

Dr. Black showed a number of views illustrating the scenic beauties and historic ruins of Jamaica and Cuba. Jamaica, with its many hills and excellent roads affording a new beauty at every turn is one of the best places in the world for the tourist with an automobile.

Some fine colored slides of Cuba were shown, including views of Santiago, the interior town of Camaguey with its unsurpassed botanical gardens filled with tropical verdure and Havana with the nearby fortress of Morro. This historic castle, erected by the Spaniards at a cost of fourteen millions of dollars, and having a value as a defense of not more than fourteen cents, is of use now merely as a point of interest to the tourist. In the same party with Dr. Black on the Panama trip were Edward Clifford of Chicago, C. F. Wemple of Waverly, H. K. Snyder and Dr. Buckthorpe of this city.

MORTUARY

Adkinson.

John Adkinson, who died Friday morning at 1 o'clock at Murrayville, will be buried today at 11 o'clock, from the M. E. church in Manchester, the pastor, Rev. Mr. Hardesty, officiating.

Mr. Adkinson was born in York-shire, England, and at the time of his death was 80 years, 5 months and 6 days old. The family came to this country when he was a young man and settled in Ohio, where in 1851, he married Miss Eliza N. Patterson. They came to Illinois in 1858 and settled on a farm near Manchester. Mrs. Adkinson died four years ago. Mrs. Adkinson died Adkinson had resided in White Hall and removed to Murrayville last September.

He is survived by five children, George, William and Mrs. Ellen Mel-lor of Murrayville, Ralph of Bow-ling Green, Mo., and Miss Sarah, who resided with her father.

CADILLAC LIGHTS GIVE

PRETTY EFFECT.

If you see a handsome car dashing along the street showing the pretty effect of red and green lights you may know that it is a Cadillac. S. W. Babbs, agent for the Cadillac said yesterday that the red and green lights lend individuality to the Cadillac. It is noticeable too that the streets of Jacksonville reveal an increasing number of these red and green lights.

BATHING WITH INDIANS.

An Experience That Tried the Nerve of a White Visitor.

The Indians of the Pacific coast evidently enjoy their "sweet baths." A correspondent who once took one of these baths with a party of his Indian friends thus describes the ceremony:

The season was early spring, and ice still floated in the river. The Indians built an oval hut on the shore, thrusting plant willows into the ground to form a framework, over which they spread grass matting covered with earth. They lighted a fire before this hut and heated several large round stones. When everything was in readiness an ancient savage came up to the house and invited me to join in the festivities.

I took a warm blanket and accompa-nied my guide to the "sweet house." The Indians were standing about the fire unclad, except that each one was wrapped in a blanket. I was told to take off my clothes, which I did. Then I wrapped my drapery about me and stood with them by the fire. One of the Indians began a chant, and we all started for the sweat house. I brought up the rear.

The first Indian threw aside his blan- ket, stooped, entered and curled him self up in a corner. One by one we crept in until we were packed in like sardines in a can. An attendant passed in a bucket of water, rolled in one of the heated stones and fastened several heavy blankets over the opening of the tent. It was dark—and hot.

The Indian nearest the opening threw some water on the hot stone, and im-mediately the hut was filled with steam. I never endured such torture in my life. The Indians kept up the chant, and we lay there and suffocated. When I at last had reached the limit of endurance the leader threw back the blankets and made a dash for the river, followed by his companions. I saw that I was expected to follow their lead, and I did so with fear and trembling.

Into the water they plunged, and in plunged I. Cold? It was certainly not very much above the freezing point. We splashed round in the water for several minutes, emerged and wrapped ourselves in blankets. The Indians stood about the fire for several min-utes and then re-entered the sweat house. As for me, I had had plenty. Clad in my blanket, with my garments trailing over my arm, I scurried home-ward.

"Down Brakes."

In newspaper accounts of railway collisions one frequently encounters this statement:

"On seeing the danger the engineer whistled 'down brakes' and reversed the lever."

As a matter of fact, the expression "down brakes" has been obsolete for a long time. What the engineer really does when a collision seems impending is to shut off steam, apply the air brake and open the sand valves. All this takes about five seconds, and in that time all that human effort is able to accomplish for the train and passen-gers may be done. Railway engineers are instructed never to reverse the en-gine after the air brake has been ap-plied, because the reversal reduces the resisting power of the brakes.—Har-per's Weekly.

The Wonderful Bee.

Maurice Maeterlucck, the eminent Belgian student and author, writing on comb honey, says that it is an article "to which we can add nothing, from which we can take nothing, an article that unites in equal perfection the sci-ence of the chemist, the geometrician, the architect and the engineer. Its mas-terpiece, the hexagonal cell, touches absolute perfection, a perfection that all the geniuses in the world, were they to meet in conclave, could in no way enhance. No living creature, not even man, has achieved in the center of his sphere what the bee has achieved in her own, and were some one from another world to descend and ask of the earth the most perfect creation we need but offer the humble comb of honey."

Original Red Men were content to wear feathers. The improved Redmen demand the Improved Head wear sold by FRANK BYRNS' Hat Store.
